

FEDERAL TROOPS ARE SEARCHING HILLS FOR JUAREZ REBEL TROOPS

Garrison at Juarez Revolted Saturday Morning—American and Mexican Patrols Are Watching for Escaped Men Along the Border—Murguia Responsible Officials Say

(By The Associated Press)
EL PASO, Tex., Sept. 30.—While loyal federal troops searched the hills around Juarez, Chihuahua, Mexico, tonight for the 50 rebels still uncaptured after the sudden revolt of the garrison this morning reinforcements from the south were expected hourly. American and Mexican patrols on both sides of the line were watching for attempts by the revolutionists to cross the border. It was reported that groups of revolutionists in El Paso were preparing to cross.

Juarez was quiet.

American customs officials announced the bridges would remain open until midnight at usual.

"Murguia is responsible for this affair," General J. J. Mendez, commander of the Juarez garrison declared. "I have reports that General Manuel Gutierrez was at the bottom of this, altho Captain Feliciano Vel Verde appears the surface to be the leader."

LEAGUE ASSEMBLY FAVORS PUTTING AUSTRIA ON FEET

**Plans for Restoration
Discussed at Meet-
ing Yesterday**

(By The Associated Press)
GENEVA, Sept. 30.—Optimism over the success of the league of nations' plans for the restoration of Austria was voiced at the closing session of the third assembly of the league of nations today.

The Earl of Balfour declared that the world no longer could tolerate any direct state and it was the obligation of the league to see that Austria was put on feet.

The league, he added, did see to it that it was done such a way that no special interests would lay its hand on Austria.

Lord Robert Cecil, asked whether all the documents would be published if the Austrian relief plan would fail, evidently referring to Italy's objections to the nomination of a controller for the proposed loan to Austria instead of a commission. Lord Balfour said he did not anticipate failure but if it did come the full details would be made known.

In his closing address as president of the third assembly Augustin Edwards the Chilean minister to Great Britain emphasized the importance of the admission of Mexico into the league and paid tribute to Argentina's sound judgment as regards the universality of the institution.

Referring to the decision to increase the non-permanent membership of the council Mr. Edwards said:

"It is to the satisfaction of everybody that the council has been enlarged in such a way as to give in turn to all the family of big nations which compose the representation which is in them. The enlarged council is in the history of our league a step towards the democratization of its character and the strengthening of its authority."

KEMAL PASHA SENDS NOTE TO POPE PIUS

(By The Associated Press)
ROME, Sept. 30.—Pope Pius has recently sent a message to Mustafa Kemal Pasha urging that the Turkish commander adopt every possible measure to avoid further bloodshed today received a message from Kemal, couched in differential terms, in which the nationalist leader attributed all responsibility for the bloodshed to the Greeks.

As Kemal had fixed today as the time limit for the evacuation of Smyrna by the Christians the pope telegraphed his asking that the order be countermanded and declaring all the Christians there were under the care of Monsignor Vallpa, archbishop of Smyrna.

MRS. STILLMAN RECEIVES NEWS OF HER VICTORY

**Says Her Fight Was for
Mothers and it is a Vic-
tory of Mothers**

(By The Associated Press)
THREE RIVERS, Quebec, Sept. 30.—There can never be a reconciliation between herself and James A. Stillman, Mrs. Ann U. Stillman said today on learning of the decision handed down yesterday in Carmel, N. Y., finding her son Baby Guy Stillman legitimate and dismissing charges of misconduct made against her by her husband.

Mrs. Stillman received the news of her victory from a correspondent of the Canadian Press as she was hurrying by yacht down the St. Maurice river, from the Stillman camp at Grande Anse to summer residence at Baby Guy, which is said to be seriously ill at the camp.

The correspondent boarded the yacht from a tug and handed Mrs. Stillman news dispatches reporting the finding by the referee's decision. Mrs. Stillman was plainly overcome by emotion.

"It is a victory of tears," she said. "For after all it was not another Carthage. So much pain for others; my father dead, my family hurt and my children with a marked name, whom I must help in their place in the world again. I cannot be gay. It is all too deep for joy."

Asked if a reconciliation might be possible, Mrs. Stillman replied: "There is a French word which will be my answer, 'jamais' (never). Why 'jamais' you may ask? Because the father of my son is dead; no real father could have hurt them so. It would not be fair. The French said at Verdun, 'ils ne passeront pas'. It was in this spirit that I waged my battle and it is this spirit that conquers."

"I have received thousands of letters from mothers sending me their most precious encouragements. Mothers of all races and religions have sympathized with me and a few days ago I received a touching letter from the Mother Superior of the Convent of Mount Hope, Sister Catherine, telling me she was praying for me every night."

"All mothers understood that I was waging their own battle together with mine and now the victory has been won, the victory of mothers. Mothers have stood by me because maternal love was trying to conquer intrigues. They have stood by me because a mother who does not fight for her child is not worthy of the name of mother. A man who does not acknowledge his own child is not a father. Mr. Stillman is not really as bad as one would think; he has been ill-advised by bad friends."

COAL PRODUCTION 11,600,000 NET TONS

(By The Associated Press)
WASHINGTON, Sept. 30.—Production of coal for the week ending today is estimated at about 11,600,000 net tons by the geological survey in its weekly report. This was calculated to be sufficient to meet current consumption, the probably not quite enough to allow storage for future and supply all the winter requirements of the northwestern states whose shipments must move by way of the Great Lakes water route before navigation closes.

The week's anthracite production amounted to between 1,800,000 and 1,900,000 tons, the report said, and the bituminous output will be from 9,600,000 to 9,900,000 tons. Production is subject to the present time only to the limit placed upon it by transportation facilities at the coal fields.

LACK OF CARS CUTS ILLINOIS PRODUCTION

(By The Associated Press)
ST. LOUIS, Mo., Sept. 30.—Mines of the fifth and ninth Illinois districts could have produced as much coal in the past two weeks, if the road cars had been available, declared P. H. Greenlaw, secretary of the coal operators' association of these two districts in a statement issued tonight. Nine mines located on the Louisville & Nashville road, with a normal capacity of 77,214 tons, Mr. Greenlaw asserted, produced only 13,224 tons. Mines located on the Baltimore & Ohio, the Illinois Central and the Southern railroads lost 207,627 tons during the two weeks' period he said.

New York, Sept. 30.—William R. Hearst announced tonight that he would support the Democratic state ticket headed by Alfred E. Smith for governor.

POLICE SEARCH FOR MADMAN IN NEW YORK FIRE

**Believed Responsible
for Fire That Caused
Loss of Life**

(By The Associated Press)
NEW BRUNSWICK, N. J., Sept. 30.—With three members of the state police specially deputized by Governor Edwards added to their forces, the combined detective staffs of Middlesex and Somerset counties today continued their investigation into the double slaying of Mrs. James Mills and Rev. Edward Hall, rector of the Protestant Episcopal Church of St. John the Evangelist, by ordering prepared an authentic medical account of the conditions of the two bodies when found.

County physicians were called upon in the preparation of this account, which it was reported might result in a complete reconstruction of several of the main lines of investigation being pursued by the police. It was developed during questioning of the medical authorities that a superficial examination had been made of the rector's body which will be exhumed Monday.

The arrival here of three detectives of the state police, who were assigned by Governor Edwards on the special plea of the slain woman's 16 year old daughter, Charlotte, saw a redoubting of activities by all the prosecuting authorities employed in the investigation.

A short time after the three detectives reported to Prosecutor Beekman and were assigned to plain clothes duty, detectives announced that a new and startling clue touching on the case had been found. They declined to discuss its nature, but intimated that an arrest was imminent.

Matthew Sullies, caretaker at the Phillips Farm, was taken under guard to the prosecutor's office and was questioned for three hours. When he finally left the office, it was announced by detectives that "no arrest is in prospect" and Prosecutor Beekman said that Sullies had contributed "little toward the solution of the mystery."

STATE POLICE ARE NOW WORKING ON DOUBLE SLAYING

**Caretaker at Phillips'
Farm Questioned by
Officers Saturday**

(By The Associated Press)
NEW YORK, Sept. 30.—A madman whose mania for fires caused the death of seven persons, one of them a four year old child thrown from a window by a terrified mother early this morning is being sought tonight by the police acting on information that an attempt was made to set the building next door afire shortly before the apartment house burst into flames.

Other investigations random but sincere, are being carried on by the residents of the upper west side where this morning's fire occurred. Fear that the supposed pyromaniac may continue to operate is aroused by the story of Henry Dent who discovered a "butcher" ablaze in the hallway next door to the building which was burned. The carriage had been stuffed with rags and oil and the strip of carpet along the hallway similarly saturated.

Dent and his daughters extinguished the blaze.

A short time afterward they saw a man come from the basement. Dent asked him for what he was searching.

"I smelled smoke," he said, "and I wanted to look around."

The intruder got away. A few hours afterwards in the building next door, seven persons had been burned to death, scores injured and several of the 24 families who occupied the house had been saved only by spectacular work by firemen.

Mrs. P. Hoff and William Hummel, whose two sons were lost in the fire, probably will die, it was said at a hospital.

RODOLPH VALENTINO HAS MORE TROUBLE

(By The Associated Press)
NEW YORK, Sept. 30.—An injunction restraining Rodolph Valentino from appearing in any motion pictures other than those produced by the Famous Players-Lasky corporation during the period of his contract, was granted today by Supreme Court Justice Wasservogel. Pending final settlement of the case the plain tiff corporation was directed to post \$25,000 as a security bond.

Valentino, according to the testimony was engaged last January by the Famous Players-Lasky corporation at a salary of \$12,500 a week with the option of renewal at an increase for one year or for still another year at another increase. The first option was exercised attorneys for the corporation declared and then Valentino broke his contract.

The screen star's defense was that he had been unjustly treated, had been humiliated by his employers and, not one time obliged to dress in the open while making a desert scene.

BANDITS CHASE MAN FOR PAYROLL

Aurora, Ill., Sept. 30.—Four payroll bandits in an automobile chased Phillip Strole thru the main street of Geneva at 10:15 o'clock this morning but he escaped by turning his car into a gasoline filling station at 30 miles an hour. Strole is superintendent of construction on the new community high school at Geneva and had just left the Geneva State Bank with \$2,000 to pay off his men when he noted that he was being pursued.

The bandits crowded him to the curb and one of them pointed a gun at him, ordering him to stop. Instead he put his foot on the gas and shot out State street toward the city limits. The bandits gave chase as the road—the Lincoln highway—led into the country towards DeKalb. Strole saw he was bound to be overtaken so turned abruptly into the gasoline filling station at high speed to escape. His pursuers swept on by. Strole's car drove into the gasoline lamp and was damaged considerably but can be repaired.

ST. LOUIS DEMOCRATS FORM ANTI REED CLUB

St. Louis, Mo., Sept. 30.—The volunteers association of St. Louis Democrats today formally decided to oppose Senator James A. Reed for reelection this fall. The organization composed of followers of Breckinridge Long, formerly third assistant secretary of the state, who was defeated by Senator Reed at the primary election August 1, is headed by Lon Stephens, former governor of Missouri.

JUDGE'S DECISION GIVES MAN TWO WIVES

(By The Associated Press)
MILWAUKEE, Wis., Sept. 30.—Judge Walter Shinn in circuit court today gave a man two wives. The man Matthew Klein, does not yet know about it, nor does his second wife. It happened thus: Matthew got a divorce from his wife, Mary, in Milwaukee, March 11, 1921, after living with her for 12 years.

A year later, lacking only one day, the divorced wife, Mary, got the judge to set the divorce decree aside on the ground that Matthew had prejured himself. She presented an affidavit in which it was set forth that Matthew denied he had associated with a "Mrs. Clarke" as charged in the divorce counterclaim of Mary Klein. It was further set forth that Matthew at that time, March 10, 1922, was living with Mrs. Clarke in Charlotte, N. C., having married her before a year had elapsed after the divorce. Judge Shinn took the case under advisement until today when he set the decree of divorce aside and dismissed Matthew's complaint and petition for divorce, leaving him with two wives. Whether he can be prosecuted for bigamy may prove a question puzzling to the lawyers.

WINE AND BEER PROPOSITION TO BE ON BALLOT

(By The Associated Press)
SPRINGFIELD, Ill., Sept. 30.—The light wine and beer proposition must be submitted to the voters of the state at the November election, Attorney General Brundage today advised Secretary of State Emmerson.

The attorney general in a written opinion held that the secretary had little if any discretion in the matter of disposing of the recent petition signed by the 500,000 voters asking for submission of the proposition. Following receipt of the petition from Chicago several weeks ago, Secretary Emmerson asked the attorney general to advise him whether it was his duty to certify the question to the various county clerks of the state to be placed on the ballot.

Unless the secretary of state "can say that it is absolutely impossible to construe the question as one of the propositions of the law it is his duty to certify the question," Mr. Brundage held.

Both the petitioners and those opposed to the submission filed briefs with the attorney general.

Mr. Brundage held that the public policy act of 1901 applies. This act provides that it shall be the duty of the proper officers to submit "any questions of public policy" upon written petition signed by ten per cent of the registered voters of the state.

Brundage held that this statute is broad enough to include a question involving an amendment to the federal constitution.

Answering the contention that modification of the federal laws permitting sale of liquor containing four percent alcohol would be in violation of the 18th amendment and therefore void, Brundage cited the ruling of the supreme court that the question of defining "intoxicating liquors" is for congress adding that "the question would still be one of public policy and congressional action is required."

While it is doubtful whether the supreme court would uphold an act of congress permitting sale of liquor containing up to four percent alcohol Mr. Brundage said, yet he declared he "did not think it can be definitely predicted that such a definition would be held to be in violation of the 18th amendment."

The question will be placed on the ballot in the following form: "Shall the existing state and federal prohibitory laws be modified so as to permit the manufacture, sale and transportation of beer (containing less than four per cent by volume of alcohol) and light wines for home consumption?"

TRIAL OF HERRIN MEN SET FOR NOVEMBER 8

MARION, Ill., Sept. 30.—The date of the first trial growing out of the 22 Herrin mine killings was formally set today for November 8 by Circuit Judge D. T. Hartwell. This date was agreed upon as a compromise between defense and the state's attorneys and after attorneys for both sides had announced they would be ready on that day to take up the case of the 48 defendants charged with murder in connection with the death of Howard Hoffman, of Huntington, Ind., one of the 19 employees of the Southern Illinois Coal company who were killed near the Lester strip mine June 21 and 22.

Roy Pennington, one of the defendants charged with murder in an indictment issued by the special grand jury was released from jail today on a \$5,000 bond in order that he may return to a Chicago hospital where he had been a patient at the time he was indicted.

OHIO FARMERS ARE SEEING LIONS

(By The Associated Press)
MOUNT VICTORY, Ohio, Sept. 30.—When Joseph Stevenson, farmer near here found his best mule dead and mutilated this morning he joined of the groups of armed farmers which hunted all day yesterday thru the woods near here for a pair of lions reported roaming the section.

Stevenson and the other farmers returned tonight without having seen the beasts. Two farmers near here, William Wickerson and George Wickerson and George Gastman, spurred the hunters on with statements they had seen the beasts only this morning. Where the lions came from remains a puzzle.

PROGRESSIVES TO HAVE COUNTY TICKET

(By The Associated Press)
CHICAGO, Sept. 30.—The circulation of petitions by the Roosevelt Progressive party today revealed that there will be a third county ticket at the November election aimed chiefly, it was said at the city hall organization's nominees on the regular Republican slate. Among the Progressive candidates were William Hyink for sheriff; Meeyr J. Stein, county judge, and Luther M. Lewis, county clerk.

"The real purpose of the ticket," said Mr. Stein, "is to put Mayor Thompson out of the running."

The party was incorporated early this year, the incorporators being, with two exceptions, Oak Park club women.

BRIDGE GIVES AWAY; ENGINEER KILLED

Harrisburg, Pa., Sept. 30.—A locomotive dropped 30 feet when a timber in the Philadelphia and Reading railway bridge across the Susquehanna river here broke today and Homer Osner, engineer of Jamestown, Ohio, received injuries that resulted in his death. The locomotive fell to a sand bank beneath the trestle and Osner was pinned in the cab.

ZOO KEEPER FACES DEATH SEPARATING FIGHTING LIONS

**Giant Lion Attacks its New
Mate and Keeper Saves
Its Life**

(By The Associated Press)
TOLEDO, O., Sept. 30.—Louis Scherer, Walbridge park zoo keeper, faced almost certain death last night when he saved King, giant lion, and his new mate, Sarah, from tearing each other to pieces. He stepped into their cage armed only with an iron bar and separated the two fighting, snarling animals, it was learned today.

The trouble started when King, who is not fond of his new mate from the Cleveland zoo, decided to return to his old love, Queen, confined in an adjoining cage.

The big cat pounced vigorously on the bars separating him from Queen emitting roars that shook the building. His actions aroused Sarah who struck him as he passed her. The king with a blow from his forepaw knocked her down. Lying on her back she used her long claws vigorously on the angry king.

Awaiting his opportunity Scherer stepped boldly into the cage and with his good hand—the other having been injured in a fight with a giant ape—he opened the door separating king and queen. At almost the same time the angry king discovered Scherer backing from the cage and made for him. The keeper stepped aside and struck the beast on the nose with the iron pipe. A moment more and Scherer was safe in the outside aisle with King pawing the door thru which he had disappeared.

EIGHT HOUR DAY GOAL OF SEAMEN ON GREAT LAKES

**Strike Order Was Issued
Last Night Affecting
5,000 Men**

(By The Associated Press)
CHICAGO, Sept. 30.—With the eight hour day as the goal a strike order which union leaders declare would affect some 5,000 seamen on Great Lakes freighters went into effect tonight. At the headquarters of the sailors' union of the Great Lakes it was announced that eleven hour efforts to get the Lake Carriers' association to re-open negotiations on the abolishment of the present 12 hour day had failed.

Nevertheless the belief was expressed at union headquarters that the shorter day would be granted on many of the 400 vessels operated by the Lake Carriers' association. The biggest struggle being conducted with the vessels of the Pittsburgh Steamship company said to be a United States Steel corporation subsidiary.

Steamship officials said that they expected to operate as usual and indicated that they anticipated no interruption of the flow of coal into the northwest or of iron ore southward.

BRITISH NEAR EAST POLICY IS SCORED

(By The Associated Press)
WIMBLEDON, England, Sept. 30.—The policy of the British government in the Near East was severely scored this afternoon by Arthur Henderson, British leader in an address. He declared that the latest steps taken by the government demanding that the Turkish nationalists withdraw from the neutral zone were not calculated to lessen the tension.

At any moment the British troops in the area of the neutral zone might find themselves under orders to expel the Turks and kindle flames of war which are likely to set the whole Moslem world ablaze, he said.

It was his opinion that it would precipitate a calamity as dreadful in magnitude as the great war.

FOREST FIRES ARE MORE MENACING

Duluth, Minn., Sept. 30.—The forest fires of the north country became more menacing tonight with a brace in the winds to 75 miles, completely destroying the settlement of Zin and making both sides of the Vermilion trail impassable due to the roaring furnace and dense smoke.

San Diego, Cal., Sept. 30.—Lieutenants Oakley Kelly and John MacReady army aviators who will try to make a non-stop flight from San Diego to New York in the largest monoplane ever built in this country announced today that the start would be made at sunrise, October 5 if weather conditions in the northwest and east are propitious.

LABOR SITUATION SHOWS IMPROVEMENT

Washington, Sept. 30.—Improvement in the labor situation both sides of the country both through the country both through a reduction in unemployment and a distinct upward tendency shown by wages was the chief economic development during September according to the monthly survey of business conditions issued today by the federal reserve board.

OFFICIALS ARE AWAITING WORD FROM HARRINGTON

**Tension Over Near
East Situation Re-
mains Unrelaxed**

(By The Associated Press)
LONDON, Sept. 31.—The British cabinet held a two hour council, beginning at 11 o'clock last night and then adjourned until 10 o'clock this (Sunday) morning.

Thus after many hours of intensive study of the situation thru-out Saturday it was announced that there was no material change in the Near East situation but this was merely the official way of putting it.

Direct word has come from Constantinople in The Associated Press despatches that M. Franklin-Bouillon's mission to Smyrna has been successful which means that Kemal Pasha is ready to consider a peaceful way out of the present difficulties. Further announcement was made at Constantinople that Kemal would confer with the allied generals early in the week and that in Kemal has been requested by General Harrington, the British commander to arrange for a new line between the British and Turkish forces around Chanak in the neutral zone.

A Paris despatch to the Exchange Telegraph company says that M. Poincare has handed to Lord Hardinge, the British ambassador and Count Sforza, representing Italy, a telegram from M. Franklin Bouillon relative to his conversations with Kemal. Lord Hardinge is quoted as declaring that Kemal's attitude is reasonable.

No report on M. Franklin-Bouillon's mission has been issued by the British foreign office it is understood that the French envoy had previously reported that things were in no wise easy in Smyrna, that he had been seeking to arrange for a conference, but for the moment Kemal Pasha's refusal to move his troops from the neutral zone had complicated the situation.

Tension remains unrelaxed pending word from General Harrington, "the man on the spot" in whose tact and judgment the British government places full confidence. The cabinet expected to receive a despatch from him this afternoon.

REMAIN IN LONDON

Premier Lloyd George will remain in London over the weekend and if necessary will summon his colleagues Sunday. Meantime the Kemalists in the neutral zone as reported in The Associated Press despatches from Constantinople are in no way relaxing their military preparations and with delay in the projected meeting between General Harrington and Kemal Pasha, the danger of a premature explosion remains threatening.

Fifteen hundred more troops consisting of Gordon Highlanders, Artillery and other detachments sailed from Southampton this afternoon for Constantinople on the transport Corsican, requisitioned by the government from the Canadian Pacific railway.

Former Premier Venizelos of Greece informed an interviewer tonight that before he would be able to reply to the new Athens government's request to represent it in Europe he would need to examine the opinion of the allied countries and as the French premier had been unable to see him in Paris before Tuesday, he had decided to acquaint himself with the position in England, but would return to Paris Tuesday.

A. P. TITUS RESIGNS RAILROAD POSITION

(By The Associated Press)
BLOOMINGTON, Ill., Sept. 30.—The Bloomington Daily Bulletin will publish the following Sunday morning:

"A. P. Titus, chief operating officer of the Chicago & Alton, has resigned his position, the change taking effect today. Mr. Titus is to begin his duties at once as vice president of the Nason Coal company with offices in Chicago and Springfield."

Mr. Titus came to the Alton in 1912 as general superintendent under President Worthington. For several years he has been general manager of the Alton coupled with the position of vice president in charge of operation.

Since the road passed into the hands of the receivers, he has been chief operating officer.

A THOUGHT

For we hear that there are some which walk among you disorderly, working not at all, but are busybodies.—2 Thessalonians 3:12.

Work earnestly at anything, you will by degrees learn to work at almost all things.—Thomas Carlyle.

In the past few days \$900,000 has been distributed in wages to miners of the Springfield district. This is the pay roll for a two weeks' period. No wonder the

condition of business in Springfield is said to be largely the reflection of the condition of the mining industry.

Remember this is fire prevention week. You may not take part in a fire drill, or hear any special addresses on the subject, but you can observe the week—by cleaning up your basement rooms and making certain that your furnaces and chimneys are in right condition for winter weather.

More than 250 buses are to be immediately added to the service in Chicago. The indications are that the day will come when the business of the street cars even in the great cities will be materially cut down by trackless vehicles.

The state's attorney of Williamson county says that nearly all of the men guilty of participation in the Herrin riot were indicted, that hundreds of others had part in it. Perhaps, after all, State's Attorney DeLoss Duty is not misnamed, for it takes some courage to make such a statement in face of the support being given the accused men by the business interests of Williamson county.

The Burlington is to put on a gasoline train service between Quincy and Hannibal and if the experiment is successful similar

service may be put on other short lines. Later on gasoline service may be installed on the Jacksonville branch, but the public is much more concerned about the frequency of train movements than it is about the motive power.

If Saturday's football game is any indication of the season, the Jacksonville high school team will sweep everything before it.

It is certainly not to the credit of American newspapers that they have given so much space to the Stillman divorce suit and to the Tiernan case at South Bend. Stories of the strange case at South Bend have been shameless in detail and really nothing has been left to the imagination.

It is unfortunate that President Harding's standard for his paper the Marion Star: "Print nothing that is not proper for all the family to read," does not have a larger following in the newspaper world.

A statement appearing elsewhere in this issue by State Auditor Andrew Russel should result in a clear understanding of the functions of the state banking department and the difference between the granting of a permit and a charter for a bank. Certainly the state has cause for great satisfaction in its banking department, as developed under the direction of Mr. Russel, who in the statement mentioned gives a full share of credit to his associate workers for the efficiency of the department. A year without a failure of an Illinois bank affords the best kind of proof as to the care with which the department has been conducted.

THE NOVEMBER ELECTION.

The fall election is just about six weeks in the future and at that time the voters of this county will select men to fill some of the most important of the county offices. During the intervening weeks candidates will no doubt be active in seeking support at the polls.

The Republican party is fortunate in its list of candidates and can ask the people to place these men in office, not merely on the ground of party loyalty but because of their fitness. The Republican nominees are: For sheriff, Charles S. Black; county clerk, George L. Riggs; assessor and treasurer, Harry Norris; judge, H. P. Samuel; county superintendent of schools, J. Chester Colton, and commissioner, G. A. Dunlap.

Each one of these men has an individual record which will stand the full glare of any publicity given. The candidates are men of individual high standing in this community, and each has special qualifications that fully warrant the aspiration for holding public office.

From time to time during the weeks intervening between the present and election day the Journal will urge upon the voters of Morgan county the desirability of electing these men in order to assure to the county the greatest efficiency in the management of the several offices.

THE EX-KAISER

Pink shirts and pink collars are being sported by the ex-kaiser, reports a London Daily Mail correspondent after a visit to Holland.

All around, Bill is perking up. He is emerging from strict seclusion, leading a freer existence, and works daily in his garden in full view of anyone passing the castle home of the notorious exile.

Chopping and sawing wood? Not these days. Instead, Bill is thinning out the fir trees along the road, clipping and trimming like a barber. His gang of helpers work with him, just inside the wire fence, in their shirt sleeves. Occasionally even Bill is reported to strip off the coat of his gay suit.

"He talks incessantly"—but his talk is limited to trees and landscape gardening. The ex-crown prince "pays occasional visits to his father, and dashes all over the country in his new motor car."

He spends much time playing lawn tennis and croquet, and he sees many visitors.

The story in Holland is that he would visit his father more often if it were not for the fact that Bill makes him help in the garden.

Recently he took a two weeks' vacation while plumbers installed a bath at his island home. What do you make of that, Watson? Well, Sherlock, it looks as if the ex-crown prince expects to spend another winter where he is. Important? To some extent, since he is not anticipating any immediate return to Germany.

It's getting along, now, near that historic date, Nov. 11. The war soon will have been over four years, though "it seems like yesterday."

Four years ago, the slightest authenticated move by either the kaiser or the crown prince was "big news." Today interest in the Hohenzollerns is at low ebb, in America. Nevertheless, it is interesting to get a summary of how the two are reacting under exile. The ex-kaiser sporting a pink shirt while playing as a gardener! The ex-crown prince slated because he is going to have a real bath-tub!

BERTON BRALEY'S DAILY POEM

Good News

BY BERTON BRALEY

LIKE the friendly letter that is full of pleasant chatter,
Or the letter from the folks back home;
And the gushing girlish letter crammed with bright and slangy patter.

And the letter from across the foam;
Like the prim epistle from some dear old maiden auntie,
And a comrade's letter, true and tried;
But the best of all these missives, though it otherwise is scanty,
Is the letter with the check inside.

THERE'S the letter full of crosses (indicating loving kisses)
Which will give each lover's heart a thrill,
There's the letter, far from joyous any missive such as this is)
Which "begs to call attention to a bill."

Business letters, begging letters, letters gay and letters merry,
Letters that you want to show—or hide;
But the best of all epistles—tho the thought sounds mercenary—
Is the letter with the check inside.

FRIENDS may write to calm and cheer you in a manner sympathetic.

And it's nice to have them write that way,
Other folks may spur you onward with their phrases energetic,
And you may take their advice some day;

But when things are going badly with no sign of getting better
And you think the game of life's a snide,
It's then you get new courage from the truly helpful letter,
The letter with the check inside!

INDIAN FETE IS PLANNED BY D. A. R.

Will Be Held on Lawn at Home of Gates Strawn—Medicine Man and Fortune Teller Among the Features.

An Indian fete is being planned by James Caldwell Chapter D. A. R. to be given on the lawn at the home of Gates Strawn, 1605 Mound avenue Monday afternoon October 16. The hours are from 2 to 7 o'clock.

Miss Elle Trabue is chairman of the committee in charge and will be assisted by the following vice chairmen, Mrs. Carl E. Black, Mrs. W. T. Wilson, Mrs. F. J. Waddell, Miss Janet Russel and Mrs. David Reid.

The lawn will be lighted with bon fires at dusk and will have tipples and other Indian accoutrements. A fortune teller and a Medicine man will be two of the many features planned. Refreshments in keeping with the autumn season will be served.

A musical program is being prepared for the occasion and there also will be dancing. There is no doubt but that the fete will be successful as the members of the D. A. R. are noted for making a success of any affair they sponsor.

"Doug" actually lives the part. He is absolutely immense in it. The things that he does in this production to win his lady love will make you feel and say that Douglas is without a doubt the screen's greatest hero in the screen's greatest picture.

This newest of "Doug's" productions, the most enchanting of all Dumas' vivid stories, this marvelous

visualization of "The Three Musketeers" is truly a picture for everyone—for your family and every family. From it, the young can learn frankness, kindness, valor and generosity. The old can find forgetfulness of trouble and taste its antidote for sorrow. And all of us who believe in Life's drama, with its chapters of gaiety and wit, owe to Dumas a debt of gratitude.

GROUP OF GERMAN ARTISTS WILL SAIL AROUND WORLD

Hamburg.—By the A. P.—Two German sailboats of small dimensions are due to brave the furies of the Atlantic on experimental trans-oceanic voyages within the coming year.

On one of them a party of 13 German artists and professional men plan to circumnavigate the globe. They have recently tested their craft in a trip to Copenhagen, and are now trying to complete arrangements for leaving before the end of the year.

The vessel is 53 feet long and will carry three writers, three artists, and a number of "movie" actors from Berlin, accompanied by a Munich doctor. This tour is to be made by way of Holland, Spain, the Canary Islands, Cuba, Mexico, both coasts of South America, the South Sea Islands, China, Japan, India and the Suez Canal.

It is expected that three weeks will be required in crossing the Atlantic, and the party plans to return home in about two years.

The other enterprise is to be conducted by three German sailors in a 43 foot sailboat of 12 tons, which they themselves intend to build. They will attempt to make the trip from Hamburg to New York, and are planning to sail under the auspices of the Imperial Yacht club of Wuertemberg.

It has been reported that American interests agreed to bear the costs of the experiment if the boat carried the American flag, but that the offer was rejected. These seamen do not expect to take to the water before next spring.

Several of the newspapers giving an account of the case, referred to do not seem to recognize the difference between the granting of a permit and the issuance of a bank charter, and one of the leading Chicago papers spoke of a state bank charter being issued to Mr. Lee by the Banking Commission. Any one familiar with the Illinois Banking Law knows there is no Banking Commission in the State but that the Auditor has the sole power in the issuance of bank charters, and while almost all of those applying for charters have been gentlemen, very little while some man or group of men endeavor to use political or other "pull" but in no case since the present Auditor has been in office has a charter been issued because of political or any other kind of "pull."

Since a permit was issued to Mr. Lee and his friends to organize the bank mentioned, information has come that he is under arrest charged with operating a confidence game, and while the issuance of the aforesaid permit is unfortunate it is not vital, and the great majority of the Bankers of the state understand the matter thoroughly. However, the misleading public in such cases that get to the point where the Banking laws of the State of Illinois are not being complied with as

Banking Department Rules Explained by State Auditor

In order to correct false impressions created by various newspaper reports relative to the organization of State Banks in Illinois, as well as to clearly define to the Public's understanding, his rules governing these matters, the Auditor of Public Accounts, who supervises the State Banks in Illinois makes the following statement:

The attention of the Banking Department of the office of the Auditor of Public Accounts, State of Illinois, was some time ago directed to the operations of the Diversified Banking Syndicate of America,—this syndicate operating in defiance of both the Banking laws and the Blue Sky laws of the State of Illinois. Connected with this Syndicate was one Robert S. Lee who represented himself a lawyer in Chicago. Subsequent to this, an application was received in the Springfield office of the Auditor of Public Accounts for a permit to organize the LaFayette Trust and Savings Bank of Chicago, and, as is customary in all applications for permits to organize banks, an investigation as to the financial responsibility and reputation of the signers of the application was made.

In making this investigation it was discovered that one of the signatures on the application was a forgery, and also that this man's financial responsibility was given as twenty times greater than it actually is. (There is an affidavit by the party whose signature was forged to this effect). Another signer on this application made affidavit that the signature was his but he never appeared before the Notary Public who made the acknowledgement. For these reasons the granting of this permit was refused.

On September 20, 1922, the same Robert S. Lee appeared in person at the office of the Auditor of Public Accounts in Springfield and filed with him another application to organize the LaFayette Trust and Savings Bank of Chicago. Mr. Lee was very insistent that this permit be granted immediately, and when same was not forthcoming, he, in about ten minutes, proceeded to the Circuit Court of Sangamon County where he instituted Mandamus proceedings against Andrew Russell, Auditor of Public Accounts to compel him to issue a permit for the organization of the above named bank, and the hearing was set for Tuesday, September 26th.

In the meantime an investigation had been made and it was ascertained that the signatures on the second application were genuine and this was so stated by Mr. Rodenburg of the Attorney General's office. Judge Smith, who thereupon ordered the permit issued, and in compliance with the Judge's order the permit was at once issued by the Auditor.

There seems to be a misunderstanding by many people as to what a bank permit is: It is simply giving the consent of the Auditor, to those desiring to organize a bank, permission to obtain stockholders for the proposed institution. The granting of a permit does not in any sense indicate that a charter will be issued, because while the law compels the Auditor to grant a permit it also gives him the power to withhold the issuance of a charter if he is not satisfied as to the character and responsibility of the parties applying for the charter, and whether or not they are competent to conduct the affairs of a bank, as per the last clause of section 5 of the Illinois Banking Act, which reads as follows:

"The Auditor may, at his discretion, withhold the issuing of the said certificate authorizing the commencement of business when he is not satisfied as to the personal character and standing of the officers or directors elected or appointed, in accordance with sections three and four of this Act; or when he has reason to believe that the bank is organized for any other purpose other than that contemplated by this Act."

Several of the newspapers giving an account of the case, referred to do not seem to recognize the difference between the granting of a permit and the issuance of a bank charter, and one of the leading Chicago papers spoke of a state bank charter being issued to Mr. Lee by the Banking Commission. Any one familiar with the Illinois Banking Law knows there is no Banking Commission in the State but that the Auditor has the sole power in the issuance of bank charters, and while almost all of those applying for charters have been gentlemen, very little while some man or group of men endeavor to use political or other "pull" but in no case since the present Auditor has been in office has a charter been issued because of political or any other kind of "pull."

When these facts are taken into consideration the people of Illinois must be congratulated upon the record made by her state banks, her National Banks and other financial institutions.

Mr. Russell, the Auditor wishes it to be known that he does not deserve all the credit for the splendid record made under his administration, but that thru the assistance and earnest co-operation of the Bank Examiners, Assistant Examiners and clerks this result has been attained.

Mr. Russell does not believe that the function of his office is to close banks, excepting in extreme cases, but would have the office known as always being ready to assist in the rehabilitation of weak financial institutions and due to this fact and the careful examinations made, together with the constructive policies adopted, can largely be attributed the record of the Illinois State Banking Department of the Auditor's office, which is second to none, and equaled by few.

PRODUCE MARKET REVIEW

Receipts of poultry, especially of spring chickens, continue to show an increase, which is seasonal. Because of the large supply, prices have declined somewhat. Indications point to a very large crop to be marketed the next three months.

There is a light supply of fresh eggs and the price tendency is upward. Fine new laid eggs are in demand and command top prices. Creamery butter production shows a slight increase in some sections on account of better pasturing conditions. A good demand prevails and the market is steady.

Monday, and Tuesday,

Zane Grey's Celebrated Western Story

"The Last Trail"

It is the equal, in power of suspense, mystery and heart-gripping interest of anything that ever came from the pen of the gifted Zane Grey. One of the best stories to film ever written. Played by a powerful cast of well known stars.

A border tale of desperate daring and deep devotion—A

1922 picture. Ran eight weeks solid in one New York theater.

A picture that presents unusual realistic interest.

The story of "The Last Trail" is built upon the operations of a lone handit known as the "Night Hawk" and contains intensely dramatic situations, threaded by a love romance unusual in its development. The great climax at the close of the story involves the criminal breaking of a big dam on the mountain and the consequent flooding and destruction of a village far below. The making of these scenes—for which both village and concrete dam were constructed—was a task involving large expenditure of time, labor and money.

One of the biggest scenes in this wonderful super-special is the bursting of the great concrete dam and the destruction of a distant village. Don't miss it.

ANKS and LEGIONAIRES

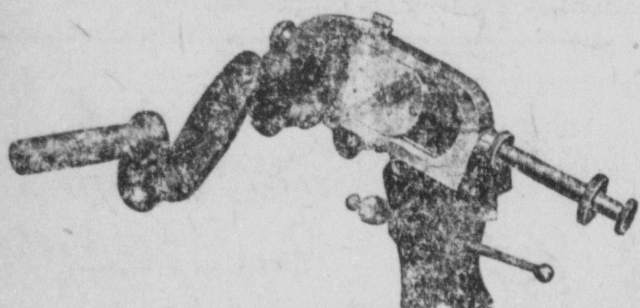

Forcible Facts Concerning the Interests of Former Soldiers, Sailors and Marines.

The United States plans to make every regular army and navy officer an athlete. The big losses during the world war include 40,367 soldiers killed and 36,000 invalided. The Tricolor became the flag

of France in 1789, when it was adopted by Marquis de Lafayette. The only woman major in the United States is Miss Julia Stinson, head of the army nursing corps. Germany a disabled soldier is given work, the type for which he is best suited, and as near the disabled man's home as possible. France has an army of 600,000 men. Of this number 100,000 are professional soldiers, 375,000 conscript, 205,000 colonial natives and 10,000 foreigners. W. B. Healey, of Wilkes-Barre, aged 29, who served as a private during the world war, was recently elected commander for the Department of Pennsylvania of the American Legion. An average of 1,000 shells, hand grenades, and other explosives are found every month in the streets of Paris. These are believed to be discarded war

souvenirs. In many cases the fuses have not been removed. The Portuguese army is to be reorganized next year in conformity with the lessons learned during the world war. The Government plans a small but highly trained organization. Prior to the world war the wealth of Great Britain was estimated at \$55,000,000,000. She now has a debt of about \$35,000,000,000 or 40 per cent. Upon completion of the weeding out of all but the best officers in the United States army this fall the officer personnel will be all of average rating or above in professional efficiency. The Paris Post of American Legion in France announces a "beauty contest" of its own. Instead of a competition to ascertain the most beautiful woman in the American colony there, the ex-doughboys have started a search for the most handsome American man in Paris. The Grand Army of the Republic was organized in Indianapolis, Ind., in 1876. The crest of the strength of the veterans was reached in 1889 and 1890, when 409,489 were reported in good standing. The present membership is fewer than 93,000 men. Of the 600,000 men in the French army, 325,000 men are stationed in France proper, 92,000 on the Rhine, 70,000 are used in carrying of treaty obligations in the Sarre, Syria, the Camerons and Togoland, while the rest are stationed in the French colonies. The metal statue of the former Kaiser in Neuhaldensleben, Germany, is to be torn down. It will be melted and recast into organ pipes for the local church. The pedestal will be recarved as a monument to the soldiers from the village who served in the world war. The largest collection of war relics in the country, outside of Washington, D. C., is owned by the Houston Post of the American Legion, in Philadelphia, Pa. The collection has already outgrown two huge rooms and alterations are being made in the club's quarters to house additional trophies. The American Legion has taken steps to obtain from the House Military Affairs Committee a favorable report on a bill which has been introduced and which provides for the equitable distribution of war trophies to various States. This action has been taken so that the bill can be voted on during this session. One of the characteristics of the American Expeditionary Force in France was the insatiable hunt for souvenirs. As the result of this there is a United States army warehouse at Newark Bay, N. J., covering more than 130 acres, in which are stored 2,197 pieces of artillery, 4,000 vehicles, 70,000 rifles, 10,000 machine guns and other equipments, totaling \$41,117 pieces, ranging from 60-centimetre guns to 249,798 helmet ornaments.

RISE OF KEMAL

Turkish Leader is Progressive, Not Fanatic Like Gandhi and Lenin

MUSTAFA KEMAL PASHA

By NEA Service.

CONSTANTINOPLE, Sept. 28.—There are only two parallels in the East today to the spectacular rise of Mustafa Kemal Pasha from low estate to the dictatorship of Turkey in Asia and confidence and devotion of the whole Turkish people.

One is Nikolai Lenin, premier of soviet Russia. The other is Mahatma Mohandas Karamchand Gandhi, Indian insurgent leader now serving a prison term for sedition near Bombay.

And of this triumvirate Kemal, whose military victories have aroused the world, is the most powerful and most stable figure. For while the personality of Gandhi is impaired by religious fanaticism and that of Lenin by political fanaticism, that of Kemal is free from both.

The Turkish Nationalist leader was born in 1881 at Saloniki, Macedonia, then a part of the Turkish Empire—a section where almost every progressive movement in Turkish politics had its inception.

Early in life Kemal selected a military career. At 12 he entered a military academy at Monastir, Macedonia. He completed his military education at the Imperial War College, Constantinople, and entered the Turkish army. He was elevated to the rank of captain.

The young officer was deeply interested in politics and was antagonistic to the reactionary regime of Sultan Abdul-Hamid, then in power. Kemal became an active supporter of the Union of Progress (Young Turk Party) and soon was a leader in the movement.

Later Kemal became convinced

that this movement under the leadership of Enver Pasha would be simply a return to dark reaction under a different name. He deserted the party and became politically a progressive independent.

When the World War came and Turkey cast its lot with the central powers, German officers were sent to train and reorganize the Turkish army. They found Kemal one of their most apt pupils. After the close of the war and Turkey's defeat, Kemal became an aide to the sultan. In this capacity he was sent in 1919 to quell a rebellion among Turkish troops in Asia Minor.

But far from quelling the mutineers, Kemal cast his lot with them. That was the beginning of the Turkish Nationalist government in Asia Minor. The sultan officially pronounced Kemal an outlaw.

Kemal immediately proceeded to put his liberal political convictions into practice. Asia Minor was placed under a thorough democratic government. A Grand National Assembly was instituted at Angora. In this assembly was vested full legislative, judicial and executive powers. Kemal was elected first president of the assembly.

The president carried his liberal ideas so far that he named a woman, Halide Edib Hanum, as a member of his cabinet—a thing never before heard of in a Mohammedan country. Today at 41 Kemal is the biggest figure in the Orient. He has fair hair and light eyes is five feet eight inches tall and of medium build. He is characterized by an energy and directness usually lacking in Orientals.

JURY SAYS EXPLOSION CAUSED BY POWDER

(By The Associated Press) JOHNSTON CITY, Ill., Sept. 30.—The explosion in the Lake Creek mine near here which killed five miners and injured three others yesterday was caused by powder, a coroner's jury found today after hearing testimony of a number of witnesses at today's inquest.

State Mine Inspector Morgan testified that he had investigated the shaft and had found it free of gas. Two inspectors of the mining company declared they had inspected the mine on the morning before the explosion as was the daily custom, but had found no traces of gas. John W. Paden, the manager of the mine and his assistant, told the coroner's jury he found bits of a powder can in the vicinity of the place where the explosion had occurred. He added he believed the blast occurred while the men who were killed were preparing the shots used in shooting down coal.

GOVERNMENT TAXES

FELL OFF \$43,000,000 Washington, Sept. 30.—Government tax collections during August fell off by more than \$43,000,000 as compared with the same month last year, according to a statement of classified receipts issued tonight by the internal revenue bureau. The aggregate receipts for the month were \$146,000,000 against \$189,000,000 in August 1921.

CHILDREN'S PARTY GIVEN AT WOODSON

Mrs. A. E. Powell Entertains S. S. Class and Celebrates Son's Birthday—Other Woodson News Notes.

Woodson, Sept. 30.—A very unique party was given Saturday afternoon at the Presbyterian manse, when Mrs. A. E. Powell entertained the members of her S. S. class, children ranging from 3 to 6 years. A merry time was spent from 2 to 4 o'clock, the youngsters first enjoying games on the lawn and then Mrs. Powell invited them to join in a treasure hunt. This was a box hidden away and containing a small gift for each small guest. There was much merriment on the opening of each package.

Mrs. Powell had purchased the gifts while on an eastern trip the past summer, and sought to convey to the class the idea that while away from home one should be thoughtful of others.

The hostess had read the story of a tea party in the Orient and the same idea was carried out Saturday afternoon. Newspapers were spread upon the ground serving as table cloths, and leaves

used as plates contained endives and candy straws.

The hostess then invited the small guests into the dining room where the table was spread with a Halloween paper luncheon set and a number of celluloid animals. In the center was a mirror, upon which was placed a cupid drawing a tiny cart. Streamers of colored paper suspended from the light fixtures to the corners of the table made a very pretty decoration.

The unique place cards made by the hostess, represented the name of the class, "The Unity Stars," each bearing a golden star and ornamented with pictures of children and animals. Animal cookies, cake and ice water were served. There was a huge cake bearing 15 candles, one for each of the children.

The party was also in honor of the seventh birthday of Master Frank Powell, and after refreshments were served Rev. A. E. Powell, acting as postman, delivered to his son a fine pair of roller skates. The young man received several other gifts, one of which was a pretty birthday cake with seven candles.

Mrs. Powell was assisted in entertaining by Mrs. J. Chester Colton, and special guests were Miss Irlam and Mrs. Edward Gallagher. The affair was a very

enjoyable one for all present. The class members are Nylene Sturdy, William and High Vorhees, Illene Thomas and Edward Hudson, Walter Virgin, Clyde Smith, Elda May Wilkey, Helen Bonnie Butler, Claire Lynette Colton, Doris Elaine Steinmetz, Frank Powell, Winifred Russell, Lulu Adams.

Family Dinner Party.
Mrs. Fred Henderson entertained a number of her relatives Friday, the visitors coming with well filled baskets and spending the entire day at the Henderson home. The company included Mr. and Mrs. Sam Nighbert, Mrs. Byron Westrope, all of Palmyra; Mr. and Mrs. Charles Lynch, Modesto; Mr. and Mrs. Ernest Nighbert, Mrs. Maurice Nighbert and son Harold Wayne, Mrs. Inez Van Bibber, all of Scottville.

Charles Taylor of Chadron, Neb. The latter is past grand master of the I. O. O. F., and grand representative of the state of Nebraska. Mr. Henderson, who is assisting in the store at Litterberry, was here to spend the day Friday.

ABOUT THE ISLAND OF MADEIRA

Editor Journal:

In order to call attention to some misunderstandings as published in the Journal Thursday morning about some things I said Wednesday evening at Northminster church when speaking about the Island of Madeira, I thought I would make a little explanation. It is impossible to make all things understood properly when touching on different subjects in a limited time. The post office mentioned was only in one instance in a country village where a very small amount of mail is handled. It is not so in the city of Funchal, neither does the statement by any means apply to the general system of the postoffice of Madeira. The postoffice in the city of Funchal is in a large building with every modern convenience as any post-office anywhere.

In reference to Mr. Baptist also mentioned, as being in charge of one of the protestant churches, is incorrect. Mr. Baptist has a large room in his home fitted up for prayer and preaching service, where meetings are held on Wednesday evenings. This place is about two miles out from the city. These meetings are conducted either by Rev. William G. Smart or his assistants from the mission in the city, where various lines of Christian work is done. They are all English gentlemen who speak the Portuguese.

If any of the Jacksonville people want to visit Madeira, they need not be afraid that they will not find every convenience desired. In Funchal there are several fine hotels, some of them are English hotels.

Madiera has always and is of great interest to the tourist who wants to see something different than he sees in his own native land. We may speak of the country villages as being insignificant as to modern progress, but in the city of Funchal it is quite different.

I might write a good deal more about the city of Funchal in Madeira but I do not want to take up more space.

NEW SYSTEM BAKERY ENLARGES BUSINESS

Wholesale Department Established at 223 South Sandy Street—Large Equipment Installed.

The new System Bakery company has installed a giant oven in its new wholesale department in the L. Frank building, at 223 South Sandy street. The new oven has a capacity of 550 loaves of bread every forty-five minutes, or over 7,000 loaves every twenty-four hours.

The increased business of the New System Baking company has made necessary the installing of the oven. The company will ship bread to adjoining towns as far north as Tallula, west to Griggsville, and east to New Berlin, and also to points in Greene and Scott counties.

The new oven is of the latest model of its kind and weighs sixty tons. In addition to the huge oven other modern equipment has been added and the bakery ranks in equipment and magnitude with any in this section of the state. Four experienced bakers will be employed.

Messrs. T. H. Sanders and Russell M. McAllister, managers of the New System Bakery company, established their business a little over three years ago and their business has outgrown their West State street quarters. However, the retail store on West State street will continue to be operated solely as a retail establishment. Both stores will be under the same management.

The West State street establishment will continue to bake pastries and of course bread in the varieties the company makes will still be offered there.

This expansion has been planned by Messrs. Sanders and McAllister for months past as the demand for the product of their bakery has so steadily increased. After going over the situation thoroughly it was determined to buy equipment of large size in order to be able not only to take care of the present demands of the business, but also to look forward to the development of the future. The proprietors are thoroughly experienced in their work and the plans adopted make certain the continued success of the New System business.

MORGAN COUNTY

Further oiling of Morgan county roads is in immediate prospect, according to a statement made Saturday by L. V. Baldwin, superintendent of highways. Ten or twelve cars of oil have been ordered and upon their arrival will be spread on the roadway from Prentice to Jacksonville, on the Virginia road to Cass county line, from Litterberry to Arcadia and from Concord to Arcadia.

Mr. Baldwin also said that indications are that a number of bidders will submit figures for the construction of paving and bridge to connect the Morton avenue hard road with the city's street pavement. Bids are to be received October 6. The city has about 1,000 feet of paving and the county 500, which will include the bridge across the Mauvaisterre. The bridge is the most extensive part of the work and it is estimated that it will cost \$5,000 or \$6,000.

WINCHESTER BRIDE- TO-BE GIVEN PARTY

Miss Martha Gibbs Entertains in Honor of Miss Lois Murray, Soon to be Bride of Everett Gibbs—Reynolds Funeral Held at Riggston—Other Scott County News.

Winchester, Sept. 30.—Miss Martha Gibbs entertained a number of young ladies Saturday afternoon in honor of Miss Lois Murray, who is soon to become the bride of Everett Gibbs. The hours from 2 to 5 o'clock were very pleasantly spent with games and contests, and later delicious refreshments were served.

The bride-to-be was presented a very handsome quilt, each guest having embroidered her name in a block. The quilt was made by Mrs. John Gibbs, grandmother of Miss Martha Gibbs. The affair proved to be a very pleasant one for all present.

Funeral of James Reynolds.
The funeral of the late James Reynolds occurred at 2 o'clock Friday afternoon at the Riggston M. E. church. The church was filled with relatives and friends of the deceased, who had spent most of his life in and near Riggston and was well known there. Rev. G. T. Wetzel was in charge of the services.

Music was furnished by a quartet including Mrs. Elmer McCullough, Mrs. Lois Morris, Messrs. George Barry and Howard McCullough. They sang "Saved by Grace," and "The Home of the Soul," both favorites of the deceased.

Interment was made in Winchester cemetery, the bearers being George Hardwick, R. W. Simpson, Sam Snow, Wes Morris, William Hittie and Jeff Hardy. The many beautiful floral tributes were cared for by Mrs. William Hittie, Mrs. George Hardwick, Mrs. R. W. Simpson.

News Notes

ROTARIANS TO HAVE REAL DAY OFF

Will Spend Next Friday at Mercedes as Guests of Vincent Riley and Dr. Dollear.

Vincent R. Riley and Dr. A. H. Dollear will be hosts to members of the Rotary club next Friday. Rotarians will be welcome both at the Rotary club house and at the Riley-Dollear cottage, which adjoins it. There will be no formal program, but the members of the club will have the opportunity for boating and fishing or indulging in various other kinds of sports.

The invitation has been so generously given that the club members even have the opportunity of taking some of their friends along to share in the hospitality of the hosts.

The invitations mailed to members are phrased something like this:

Wear any old clothes. Do what you want. Two barrels of clay pigeons. Bring your gun and ammunition; or Take a ride in a motor launch. Row a boat. Plenty of fishing tackle. On hand, or bring your own, if you like. Rotary Dinner at 12:15. If you have a good friend with whom you want a day's outing, bring him along. Come Early! Stay Late.

If you are afraid of the water, or gun-shy, you can pitch horseshoes, play cards, but a ball, or just take a hike thru the woods.

DEATHS

Loneragan.

Miss Irene Loneragan, daughter of Mrs. Margaret Loneragan, 1118 South Main street, departed this life Saturday morning at 4:45.

Deceased since childhood had been very frail, always bearing her sufferings uncomplainingly, casting a ray of sunshine in the home. She had always the untiring and ceaseless administrations of a loving mother. She possessed an exceptionally kind and loving disposition, always striving to make others happy, thereby endearing herself to a large circle of friends, by whom she was sadly missed.

Miss Loneragan was born in this city March 31, 1887. She had always been a very devout Catholic, a member of the church of Our Saviour. Her father preceded her in death twenty-seven years ago.

She leaves to mourn her loss, her mother, four sisters, and three brothers, whose greatest pleasure it was to make her happy. The sisters are Mrs. J. T. Ring, Winchester, Ill.; Mrs. Oliver Cain, Petersburg, Ill.; Mrs. Otto Schumm and Miss Teresa Loneragan of this city. The brothers are J. J. Loneragan, Murrayville, Ill.; P. H. and Bernard Loneragan of this city.

Funeral services will take place Monday morning at 8:30 at the church of Our Saviour. Burial in Calvary cemetery.

HARTWELL DISTRICT TO BE IMPROVED

Rebuilding and Extension Program Will Cost About \$225,000—Work in Charge of Caldwell Engineering Company.

Proposals are now being received for the construction of extensive betterments in the Hartwell drainage and levee district, in accordance with the plans and specifications prepared by the Caldwell Engineering Co. The improvements and extensions proposed will probably cost about \$225,000. The Hartwell district is in Greene county and includes now about 12,000 acres of land.

The changes to be made will increase this acreage by 2,000 acres. Of the present area, 5,000 acres is owned by Omar Cole of Peru, Ind., and 3,000 acres by G. A. McWilliams, a drainage contractor resident in Chicago.

Mr. Cole, it is said, received the title to his 5,000 acres by gift from his father, a year ago last Christmas. The senior Cole is a retired brewer said to be the wealthiest man in Indiana. He purchased the Illinois acreage about 15 years ago when land values were very much below the present levels.

The floods of 1922 did a very considerable damage to the levee system of the Hartwell district and was the opinion of Mr. Caldwell and his engineers that this damage resulted particularly because the original levee was constructed with the barrow-pit on the inside or land side of the levee, instead of being on the side adjacent to the river.

This work was done in 1908 and the levee has stood the pressure of flood waters until the excessive floods of this year. However, under the continued pressure of the water this year the levee was demolished in a number of places.

Accordingly the present plans for betterment provide for the change of the barrow pit to the outside of the levee. This will be accomplished by placing a hydraulic dredge in the Illinois river and pumping sand and silt therefrom in sufficient quantities to fill up the pit. This particular piece of work will require the handling of 350,000 cubic yards of earth.

It is proposed in addition to make certain changes near the north side of the levee. One stretch along Apple Creek will be abandoned and a connection will be made with the Keach levee, which will mean that an additional 2,000 acres will be included in the Hartwell district.

This 2,000 acres is a part of the Fairbanks ranch, now owned by Warren Fairbanks of Chicago, son of C. W. Fairbanks, former vice president of the U. S., now deceased.

In making this change as between the Keach and Hartwell district, Apple creek will be straightened out for a distance of three miles across the river bottom. In fact, the present bed of Apple creek will be entirely abandoned and the land adjacent to it will be included in the 2,000 acre tract already mentioned. This part of the work will call for the handling of about 550 cubic yards of earth.

The Hartwell district is one of the oldest districts in this part of the state and in recent years has been under the continuous management of the Caldwell Engineering Co. who installed the pumping equipment a few years ago. The bids for the proposed extensive improvements will be received October 18.

Give Farewell Party

Mrs. Charles Gruber entertained a number of friends at a farewell party given at her home on East Lafayette avenue in honor of Mr. and Mrs. Edward Kelly and son Edward who are leaving Jacksonville to make their home in Chicago. There were about twenty guests present and a most enjoyable evening was spent with games and conversation. At a late hour the hostess served a delicious luncheon. Mrs. Resta Bedwell assisted Mrs. Gruber in entertaining.

Hold Successful Market

The members of the Eastern Star and the White Shrine held a market yesterday in the show rooms of Priest's Garage on West State street. The ladies had all kinds of good things to eat for sale including home made breads, pies, cakes, cookies, salads and other delicacies. Mrs. Homer Roland was the chairman of the market and those on the committee were Mrs. L. A. Scott, Mrs. William Handline, Miss Leah Caldwell, Mrs. Ida Crawley, and Mrs. Alex Rabjohns.

I. W. C. Sophomores Entertain Freshman Class.

The members of the Freshman class of Illinois Woman's college were the guests at a dance given in the college gymnasium last evening by the sophomores. This is an annual affair and last night's party was a most delightful one. Each sophomore took several freshmen as her special guests and Miss Ethel Morris, the sophomore president and the other officers of the class received the guests. A four piece orchestra furnished an excellent program of dance music and at the close of the dancing a delicious luncheon was served.

Miss Hattie Baughman was the chairman of the committee in charge of the affair and she was assisted by a number of other sophomores. The gymnasium had been made attractive for the party by the use of a large quantity of fall flowers and in every way the affair was most successful. Miss Mary Anderson the faculty advisor of the sophomore class and Miss Janette Powell, faculty advisor for the Freshmen class were among the special guests.

I. W. C. Societies Have New Members.

As the result of bids sent out by the four societies of Illinois Woman's college Friday evening, a large number of girls have been pledged to membership in the different organizations. Following the acceptance of the invitations the new "pledges" were given informal receptions in the society halls, and welcomed into membership in the societies.

The new Phi Nu pledges are Misses Frederica Balch, Martha Logan, Zola De Haven, Marie Luke, Dorothy Dieman, Gertrude Foster, Helen Moffat, Maxine Sperry, Agnes Davis, Gwendolynne Schroyer, Mae Virgin, Irene Fruit, and Velma Kitchell.

The Belles Lettres pledges are Misses Charlotte Rogers, Virginia Gentry, Beulah Foreman, Belle Irland, Grace Rexroat, Hattie Baughman, and Ethel Morris.

The new Lambda Alpha Mu girls are Misses Donabel Keys, Grace Walker, Barbara Smith, Ruth Muirhead, Lucille Morris, Audrey Layman, Harriett McOmber, Frances Brooks, Zenith Homborger, Carol Roark, Mildred Brown, Ruth Gillfillan, Thelma Pires, Ruth Esparza, Eleanor Dowd, Marian Harper, and Catherine Stephenson.

The Theta Sigma pledges are Misses Mary Thompson, Myra Childs, Dorothy Elwood, Christine Cotner, Hazel Moore, Ethel Keller, Mamie Gilpin, Maud Craigmiles, Margaret Kesler, Florence Adams, Beatrice Hasenstab, Lois Oliver, and Wilhemina Wagner.

HAS DISPLAY OF FARM PRODUCTS

A. M. Hoover of Route 8 had a very attractive display of farm products in a window of the shoe store of Hopper and Sons, Saturday. Farm and garden products included corn planted June 1. Six varieties of apples were attractively arranged on plates and included Grimes Golden, Huntsman's Favorite, York Imperial, Johnathan, Commerce and Missing Link.

RALLY DAY AT STATE STREET CHURCH

Special Program Promises Many Features of Interest — Large Attendance Expected.

Nine thirty this morning at the State Street Presbyterian Sunday school will find the Rally Day program under way. Superintendent Tomlinson and his staff of mothers have set the goal for attendance at 250 and hope to see every member and many visitors present.

Mrs. Harrison King will have charge of the primary department during the absence of Miss Mary Dobyns. A fine showing in attendance is expected of the children of the church.

The senior department will follow closely a Rally Day program, "Children of the Light," which will be used in many Presbyterian schools.

Carl Robinson will deliver a brief address, emphasizing the importance of the Sunday school. The singing will be led by the orchestra under the direction to Miss Edna Wardhaugh. The orchestra will also render special music.

Miss M. Cunningham will have charge of the mixed college class, which will meet in force.

In order to send the good news to children of foreign parentage, an offering will be taken which, by the way is an annual custom. Last year thirty-four persons, working in ten states among 54,496 immigrant families were maintained by the offering given by Presbyterian Sunday schools.

Rally Day at State Street church this year promises to be a worth while day because of the combining of the Rally Day pro-

gram with the gathering and distributing a fine offering to needy immigrant children.

MRS. DAWSON INJURED BY FALL ON STEPS

Mrs. Pearl Dawson, housekeeper at the Jacksonville state hospital suffered a very painful injury Saturday morning. The steps leading from the rear of the main building had just been washed and were rather slick. Mrs. Dawson was leaving the building and had reached the top of the iron steps, when she fell. Mrs. Dawson struck her back on one of the iron steps. Although considerably hurt she was able to get up unaided and had climbed back to the top of the steps when she fainted and was saved from falling a second time only by the quick action of a nearby witness. She was taken to the institution hospital.

VETERANS HOME FROM DES MOINES

Morgan County Citizens Who Attended National Encampment of G. A. R. Are Home—Report A Most Enjoyable Time.

Morgan county citizens who attended the Grand Army encampment held at Des Moines, Iowa, September 24 to 29, have returned home. They report a good time and splendid treatment by the citizens of the capital city.

There were about 5,000 members of the Grand Army of the Republic and the Woman's Relief Corps in attendance. Thousands of autos were drafted for use of the visitors, which carried them to any destination desired.

In the grand parade all veterans who were able to do so took their place in line of march. Those who could not walk were carried in autos.

The Grand Army of the Republic is rapidly disappearing. According to statistics they are passing out of muster at the rate of about 5,000 a month.

Those who attended the encampment from here were L. Goheen, adjutant of Matt Starr post, and his two daughters, Misses Marie and Rose; E. C. Scott and daughter, Frank Wigginjost, Mrs. Stephen Gray and Alex Howard.

DECREASE IN WAGES IS OPPOSED BY LABOR IN NEW SOUTH WALES

**Labor Council Issues a Manifesto—Claim
That the Place to Deal With Employers is
in the Workshop on the Job—Must Fight
Wage Reduction Doctrine to Last Ditch**

(By The Associated Press.)
SYDNEY, N. S. W.—The Labor Council of New South Wales has issued a manifesto, advocating restriction of output as one means of opposing wage reductions, and a boycott against any retail firm that seeks to reduce wages in under consideration.

The manifesto urged that the place to deal with employers is in the workshop on the job and that the workers must fight the doctrine of wage reduction to the last ditch.

The employers sell their commodities at the best price obtainable and the workers must sell their only commodity—their labor power—at the best price they can obtain from their employers," the document continued, "when the employers restrict the output in order to maintain prices, their action is considered solid business. The workers consider that they should restrict their output of labor to maintain its price. They will not countenance one rule for the employers and another for the employees."

The manifesto declared that the employers are abandoning every avenue of conciliation and urged the consideration of action to restrict output to correspond with the reduction of wages and lengthening of hours and the exposure of dishonest trading and profiteering. Several of the less militant unions refused to accede to the manifesto, it was announced.

A meeting of trades union secretaries and organizers unanimously adopted a resolution instructing the secretary of the labor council to advise all unions to declare a boycott against a certain large retail firm of men's clothing dealers because the firm had approached the State Arbitration court and sought a reduction in its employees' wages. The conference also decided that the unions should be asked whether they were prepared to stand by the boycott principle and a conference of two delegates from each union will be held to consider other schemes to combat wage decreases.

MAY CUT SALARIES OF COUNTY OFFICERS

Springfield, Ill.—Salaries of county employees here may be cut to pre-war levels next year, if recommendations of a committee of the board of supervisors are followed. Efforts to have the pay of county officers cut failed when the board set salaries at the same figure that has prevailed for the last four years. The committee recommended that pay of employees go back next year to that of September 1, 1919, unless the board upon investigation shall otherwise direct.

POTASH SALTS WILL PROVE PROFITABLE

University of Illinois Man Says
Will Give Profitable Return on
Rather Limited Acreage in Illinois.

Urbana, Ill., Sept. 30.—(By the Associated Press.)—It would appear that the use of potash salts for increasing the yields of various crops can be expected to give profitable returns on a rather limited acreage in Illinois, according to O. H. Sears of the University of Illinois.

"Potassium is one of the elements essential for plants," said Mr. Sears.

"If we expect the muck and peaty soils of northern Illinois, chemical analyses show that the surface soils of the state to a depth of six and two third inches, contain a sufficient quantity of this element to produce one thousand to two thousand 50 bushel corn crops or as a general average, about two hundred and fifty corresponding rotations of corn, oats, wheat and clover.

"The question next arises: Is this available to growing plants? A survey of the effect of adding potassium in an available form ought to give an answer to this problem.

"As an average for nine experiment fields located in brown silt loam, the type which predominates in northern and central Illinois, potash has not given any significant increase for corn, oats or wheat while on the soils of southern Illinois the only important increases have been on corn where a 6.8 bushels increase has been obtained by the application of this fertilizing constituent.

The peaty swamp soils of northern Illinois are very different from the other soils of the state both in chemical composition and their response to potash application. They contain relatively little potassium as compared with brown silt loam, and as an average for nine years on the Moundville field, located near Kankakee on peaty swamp soil, the application of potassium has increased the yield of corn from 3.6 bushels per acre to 44.6 bushels. In other words a complete corn failure without potash but a fair crop with it."

SENDING M'CORMICK TO OPEN CAMPAIGN

FREEDPORT, Ill.—(By the Associated Press.)—Senator M'Cormick will open the Illinois campaign for the Republican state committee at a noon meeting here October 6. He will speak at Rockford the same evening. Senator M'Cormick is to address nineteen meetings during the following sixteen days, making his first state-wide speaking tour for several years, as congress has been in session almost continuously through his term and has required his presence in Washington almost constantly.

The senator's schedule, in addition to the meeting here at that at Rockford, follows:

Saturday, October 7: Elgin, noon; Joliet, night.
Monday, October 9: Champaign, noon; Danville, evening.
Tuesday, October 10: Harrisburg, afternoon; Cairo, night.
Wednesday, October 11: Centralia, night.
Thursday, October 12: East St. Louis, noon; Edwardsville, night.
Friday, October 13: Quincy, 11:30 a. m.; Galesburg, night.
Saturday, October 14: Bloomington, noon; Peoria, night.
Monday, October 16: Jacksonville, noon; Springfield, night.
Saturday, October 21: Ottawa, noon; Dixon, night.

Senator M'Cormick is chairman of the senatorial campaign committee. He is expected to review the work of congress, which has just adjourned, and that of the present administration. The senator will be accompanied by the local candidates and the various county chairmen.

OHIO TO PAY TRIBUTE TO HAYES

The Hayes Memorial Library at Spiegel Grove State Park, Fremont, O., and (inset) Former President Rutherford B. Hayes (left), and Charles Richard Williams.

By NEA Service.

Fremont, O.,—Ohio will pay tribute to the memory of one of her distinguished sons, the late Rutherford B. Hayes, nineteenth president of the United States at Spiegel Grove State Park, Hayes' former home, here October 4.

It is in commemoration of the one hundredth anniversary of the birth of Hayes.

A list of distinguished guests is scheduled to take part, notably, President Harding, Secretary of State Hughes, Secretary of Commerce Hoover, Governor Davis of Ohio, Senators Pomerene and Willis of Ohio, and high army and navy officers.

The chief address will be delivered by Charles Richard Williams, LL. D., Princeton, and a feature of the event will be a historical pageant.

In connection with the centennial a new room in the Hayes Memorial Library will be dedicated to Williams, formerly a resident of Indianapolis, Ind., and editor of the Indianapolis News, now residing in Princeton, N. J. The honor will be tendered him for his service in compiling historical works of the state and for a sketch of the life of Hayes.

Troop A, National Guard, which was present at the Hayes inauguration, will participate in the coming centennial.

RAIL SECURITIES

Buy Only the Long Haul Roads, Says Babson

WELLESLEY HILLS, Mass., Sept. 30.—Since the settlement of the railroad strike many tips have come from Wall Street relative to the purchase of railroad securities. Relative to these recommendations Roger W. Babson today issued the following statement:

"There is no doubt but that the settlement of the railroad strike is favorable to general business. Owing to the coal situation such a settlement was absolutely necessary. However, it has been more or less favorable to the railroads. The wageworkers have gone back at the rates determined by the railroad labor board and most of those who went out on strike are sorry that they did it. The seniority question was settled on a 50-50 basis, neither side claiming a victory. This also is well for all concerned because the railroads are now able to restore seniority rights to the good men who deserve them and to withhold them from those who do not. Wall Street is justified in sending out reports that the settlement is favorable securities."

"The settlement of the strike on the present basis should also prompt both sides to 'count ten' before another strike is precipitated. In other words, the railroad strike was expensive for both the railroads and the wageworkers. The wageworkers today realize that the railroads are stronger and better able to handle a labor situation than has been the case for many years, while the railroads have greater respect for the unions than they had heretofore. All of this means that when another difference arises both sides will be anxious to patch up the difficulty before a strike is called instead of being anxious to precipitate a strike as seems to have been the case two months ago. Therefore, barring the European situation which may adversely affect all securities, I feel fairly optimistic on railroad securities. I say that the European situation may adversely affect all securities because people are all liable to rush to sell their European securities and in so doing all securities will be affected, even though another European war would ultimately help our industries and indirectly our railroads."

"Railroad securities, however, must be bought with great discrimination. The time is past when all railroads are good or bad. The next few years will witness as great changes in the railroad securities as in the past ten years."

Continued activity in building lines has brought general business to a new high level for the year. The index of the Babson chart now stands at about 5 per cent below normal—an improvement of 2 per cent last week.

by the chief justice of the civil division of the circuit court of Cook county.

"The appointment of constables and justices of the peace by the chief of the circuit court justices," said Judge Carr, "would mean a state machine for the chief justice of 6,000 justices and constables."

Judge Carr announced that 14 counties of the state had been organized to fight the adoption.

ENDURING RECORDS IN THE HILLS OF LEBANON

Rameses II King of Egypt First
to Inscribe on Rocks—Other
Thru the Ages and Done Like-
wise.

Jerusalem, Sept. 30.—(By The Associated Press.)—On the face of a cliff in the Lebanon hills Rameses II, King of Egypt, well over 3,000 years ago ordered his stone carvers to inscribe a tablet setting forth his conquest of the land. The figures of the ancient Egyptian ruler and his men still are visible. A few feet away one may see, carved in the same rock by a British stone cutter, a record of the coming in September, 1918, of Field Marshall Sir Edmund H. H. Allenby, G. C. B., commander of the Allied forces in Asia Minor. And the passage of the centuries from B. C., 1300 to A. D., 1918 is recorded by various other carvings, in all not less than 12 and each describing the march of a victorious army.

The cliff selected for the carving of these historic records is at the mouth of the Dog River, 10 miles northeast of Beirut, in Syria. This strip of country lying between the Lebanon and Egypt has been the bridge between the ancient empires of the Valley of the Nile and Mesopotamia, and over it passed the armies of the ancient medieval and modern worlds. The narrowest point is where the Lebanon mountains come close to the sea, and at this place Rameses II set the precedent of commemorating his conquests by hewing out a panel on the face of the cliff. His example has been followed by others thru the centuries until now there are a dozen of them. They are all cut about four or five inches deep and from five to nine feet high and from two to four and a half feet in width. The storms of more than 3,000 years have beaten upon some of them, but still the figures of the ancient Egyptian conquerors are easily discernable as they stand with their right arms uplifted in an attitude of victory. The hieroglyphs have long since disappeared except to the trained eye of the archaeologist.

Several Assyrian conquerors led their armies thru this pass, including the great Sennacherib, who threatened Jerusalem, but whose army was smitten by "the breath of the Lord," and for a century and a quarter the city was saved from its foes. Alexander the Great led his conquering hosts thru the same defile on his way to Egypt, and Greek and Latin tablets tell of the conquests of the great kingdoms of southern Europe when the march of empire passed from Asia to Europe.

Coming down to recent history a tablet tells of the coming of the army of Louis Napoleon in 1860, when the massacres in the Lebanon called for European intervention and France first set her foot in Syria. Nearly 60 years passed by, and then the English army led by General Allenby and assisted by the French, swept up like a whirlwind from the south four years ago and ended the rule of the Turk in the southern part of the Levant.

A panel has been cut in the cliff near those of the ancient Egyptians, telling of this great victory and bringing this wonderful cliff-record of history up to date.

WAR HEROES ARE NAMED BY STATES

CINCINNATI, O.—Thirty-two war heroes, who were officially designated by governors to represent their states in the "Living Hall of Fame," group at the recent national convention in San Francisco of the Disabled American Veterans of the World War, will appear actively in the preparations for Forget-Me-Not Day, November 4, according to an announcement made here by national headquarters of the Disabled American Veterans of the World War.

Sixteen congressional medals of honor men are included in the group, and one of these honor men, John J. Kelly of Illinois, was twice decorated with the greatest of all American medals; receiving the congressional medal of honor from the army, and again from the navy. Kelly served as a marine, and he was recently named by Governor Small, Illinois, "greatest hero" of the world war.

AMERICAN TOURISTS ARE CRITICIZED FOR TOO MUCH TIPPING

**Londoners Note the Difference from Other
Tourists in This Regard—Porters Get as
Much as Ten Pounds Per Week in Tips for
Their Services—English Dont Like It**

LONDON.—These early September days are witnessing the departure from London of large numbers of American travellers for their homes across the water. From all over the continent they have come and the boat trains for Liverpool and Southampton bear them away on the last lap of their summer's journeyings.

Observant Londoners see in them much that is different from other tourists, and notable among the exceptions is the tendency to give big tips. Says the London Evening News:

"Miles of shiny black brass-bound luggage, women in tortoise shell rim spectacles, carrying bouquets and wearing shoes with heels as low as those of a man's boots, and 'largesse' for perspiring porters.

"These are the outstanding features of the busy scenes at Waterloo just before the special trains for Southampton leave with their hundreds of American passengers who are returning home.

"The porters to whose lot it falls to handle the luggage of Americans homeward bound at such time count themselves lucky.

"Three porters received each 10 shillings for handling one American's pile of luggage," says the reporter, "and two porters who found seats in the train for the returning pilgrims earned more than 30 shillings a-piece.

"Ten pounds each in tips" is the week's record of these two men, and apparently they are not kings at the game.

"There is a man here," one of them told the reporter, "who will make eight or nine pounds to do a day's work. You may get one shilling, two shillings, five shillings or one pound in a tip," he added. "Hotel porters who bring the luggage here often receive three or four pounds."

It is almost always Americans who give such extravagant tips, and some English folk who are not given to squandering money in this way, do not like them any the better for losing it.

WARREN COUNTY HIS FIRST LIBRARY

Springfield, Ill.—Warren county is the first of Illinois counties to establish a county library under the state law passed in June, 1919.

The library was created by vote of the people at the primary election in September, 1920, according to a report of the state library, extension division, published here. The library is at Monmouth. It has a branch at Roseville.

The proposition to establish county libraries has been defeated in Brown, Jo Davies, Scott and Adams counties. Defeats generally have been attributed to opposition of rural votes and jealousies among towns, it is said.

SOCIAL SERVICE LEAGUE NOTES

The Baptist Union devoted an afternoon to sewing for the Social Service League recently and mended thirty-two garments, and a number of garments were given to the League.

The Tuesday Club also devoted last Tuesday afternoon to sewing for the League.

The Dorcas Society of the Christian church has assisted the Social Service League in planning for a number of children.

The Kiwanis Club have decided to again cooperate with the Social Service League in the raising and administration of a School Pension Fund.

The afternoons were spent this week in work in the County. There is an increasing demand for the service of the Social Service League through the county. It is possible so far to cover only those cases that comes within the scope of the Probation and the Mother's Pension work.

The work in the Probation department this week included contact with ten situations. The need of intensive work in the Probation department is great. Many of these cases are not brought to the Probation office until the situation has developed to such an extent that only the most drastic measures can be used. If provision could be made for work with children when the first symptoms of delinquency appear, much more could be accomplished and many of the boys and girls that have to be sent to St. Charles and to Geneva could be cared for here at home.

The Rotary Club decided to send a Jacksonville boy to Glenwood, a vocational training school for boys. He will leave soon to begin his studies.

SUGAR IS YOUR gill-edged invitation, issued three times each day, urging you to eat bread.

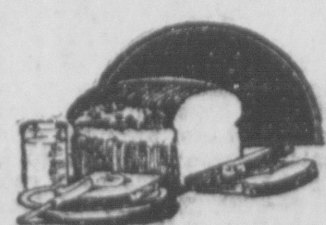

THE VALUE of this quality cannot be overestimated for it makes possible the ability to eat bread three times a day, every day in the year, without ever tiring of it.

THE APPETIZING temptation of the crisp, brown crust is the direct effect of sugar, and the sweetness of the sunshine that ripens the sugar cane is in the delicious flavor of Ideal breads.

Sugar is just one of the reasons why Ideal Breads produce abounding energy and endurance, the main-spring of health and happiness.

Ideal Breads contain cane sugar, pure and refined, in just the right amount to make you want to eat more today than yesterday. For increased energy creates a greater appetite for nourishing, wholesome food—the best there is—which only rightly made breads, such as ours can supply.

WOMAN'S COLLEGE NOTES

The geographical distribution of attendance of the Illinois Woman's College reveals some most interesting features. The figures show that Jacksonville has a heavy increase—that there are twenty-one states and foreign countries represented, and that Missouri, Kentucky and Minnesota show an increase; all of which shows the wide spread knowledge of the high standards of the school. The following figures are for students registered for full time work and do not include those taking special courses:

Jacksonville 35; Illinois, outside of Jacksonville, 170; Arkansas 1; California 1; Colorado 2; Indiana 30; Iowa 2; Kansas 2; Kentucky 6; Michigan 2; Minnesota 5; Mississippi 1; Missouri 7; Nebraska 3; New Jersey 1; New York 1; North Carolina 1; Ohio 1 Mexico 1; Chile, S. A. 1.

Other statistics are quite interesting, especially those in regard to the church affiliations. As in the State University, so it is at the Woman's College, the prize goes to the students from Methodist families, 176 or 63 per cent coming from that denomination; the others following in order of their percentage. Presbyterian 46 or 17 per cent; Christian, 22, or 8 per cent; Baptist, 14 or 5 per cent; Congregational 10, or 3½ per cent; all others 10 or 3½ per cent.

The staff of the Greetings are putting on a very successful campaign for subscriptions to the college paper. The stunt which was given Friday at chapel, a notice of which has already appeared in the paper, was most clever and was well worth the full statement which has appeared.

The Classes of '23 and '24, together with quite a group of the Class of '22, are spending the weekend at Matanzas. The San Souci and Elsinore cottages have been secured for the accommodations of the students. This is always a big event in the school year and one for which plans are made long in advance.

Rev. G. W. Randle addressed the students at chapel on Tuesday morning, giving special emphasis to the development of the personality. His talk was both inspirational and helpful.

The faculty, both new and old, enjoyed a delightful picnic at Nichols park on Friday evening. Supper was cooked over the open fire and many amusing as well as delightful incidents occurred.

The annual college picnic will be held Monday noon at Nichols park. This is for all students as well as all members of the faculty. The picnic dinner will be served cafeteria style and will be in charge of the Matron, Miss Wackerle. A most delightful time is anticipated.

Interesting reports come from Woman's College graduates where they are now engaged in High School positions. Miss Mildred Mayer of the Class of '22, is making good in the large Community High school in Mason county. It is located at Easton, Illinois, a small town near Havana, but with a large territory from which to draw students. After the High School faculty had been examined and put to work, Miss Mayer was selected as Dean of Girls; her position being that of adviser to the High school girls, and a most responsible appointment. She has organized the girls into various clubs and societies; among these being a Glee Club and various Athletic organizations.

Miss Marie Towle of the Class of '18, and who finished in Liberal Arts as well as in Fine Arts, has been appointed to the responsible position of organizing the Art Department in the La Grange High school at La Grange, Ill. The High school in La Grange has about eight hundred students and is doing a very efficient grade of work.

The Athletic Association had an enjoyable outdoor party Monday afternoon on the college campus. The picnic luncheon was one of the features and was a most delightful affair. After the outdoor part of the entertainment the Club adjourned to the gymnasium where various clever stunts and games were enjoyed.

The heavy enrollment in the Home Economics Department has made necessary the purchasing of considerable additional equipment. Work tables, dress forms, sewing machines and other material having been ordered for the Household Arts department; individual gas ovens, heat control gas range, and some other equipment that is expected for the Household Science department.

Miss Helen Chiles, Class of '22 and now teaching at Bluffs, Illinois, is a guest at the college over the weekend. Miss Mary Ellison, Class of '22, and now teaching at Virginia, Illinois, is a guest at the college.

Miss Dorothy Kennedy, a former student of the college, who is teaching in Chapin high school, is taking a number of special courses at the college each Saturday.

JORDAN Smashes Prices on Quality Closed Cars

(Effective Today)

Now you can buy the fascinating Jordan enclosed models at the same price as other open cars in the Jordan class.

It is easy enough to reduce prices if you cut the quality as well.

Cheap car builders have attempted that in the quantity field.

It is something vastly different to improve quality and reduce prices at the same time. But that is exactly what Jordan has done.

Open Car a Luxury

Jordan knew that the open car was becoming more and more of a luxury—because it could be used with satisfaction for only a part of the year.

The enclosed car is now a necessity—because it affords comfort and satisfaction all the year around.

Five years ago Jordan predicted the present tremendous output of cheap closed cars—adding that he would never build one in that class.

Jordan knew that women would not long endure lack of ventilation-control and good vision.

Enclosed body production was at that time limited.

Eventually a Jordan

And the mass of cheaper car owners had not been educated to the use of closed cars.

Then something happened.

Quantity producers began to build enclosed cars in volume. The public bought in volume.

The process of education began.

Today nearly everyone wants an enclosed car.

Some will be satisfied temporarily with the cheaper kind.

Some may continue to use the old fashioned high priced and bulky type.

But those admirable people who prefer less bulk with equal quality, ease of handling, real gas and tire mileage, rare beauty—in short economy with distinction—will choose the Jordan.

How Jordan Does It

Jordan closed car prices are astounding—of course—when you consider Jordan quality.

But it's just as easy to attain volume on a quality car as on a cheap one.

And volume makes low overhead—low overhead makes price.

That's the story.

A Shortage—of Course

We cannot hope to deliver the new enclosed models at the new prices as fast as they can be sold.

There will be some irritating delays—no doubt.

That is the little payment we must make for success and satisfaction.

But just do this—

Go into any Jordan salesroom. Compare the Jordan enclosed models with only the finest closed cars built.

Then ask the price.

COLLEGE OF MUSIC NOTES
Madame Colard, soprano, gave a short program at the High school on Tuesday, which she repeated at the David Prince school. Her numbers were so enthusiastically received that she was obliged to give an encore. Madame Colard also delighted the guests present at the reception on Thursday evening at the Christian church.
The faculty will again give a series of short recitals at the High School beginning on Thursday morning with Miss Horsburgh, violinist.
Among the special musical numbers given at the Christian church last Sunday, was Handel's Largo, rendered most artistically by Mme. Colard, director of the choir and Miss Horsburgh assisted by Miss Mathis, organist of the church.
Mrs. Horsburgh will join her daughter and Miss Sapio on Monday at the home they have rented for the winter, 805 West North street. Mrs. Horsburgh entertained Mr. and Mrs. T. Tertius Noble on Thursday at her Long Beach cottage. They have recently returned from a trip to England.
Andrew King, Mary Lois Clark, Lucille Vick and Marie Luke played at the reception given for college students by Centenary church on Thursday evening.
The West Side Studio is proving so popular that difficulty has been experienced in accommodating all pupils. However, by using study periods during which High school and David Prince students may be excused, a satisfactory schedule has been arranged which meets the needs of all concerned.
Enrollment for the children's classes took place last Saturday and over one hundred pupils registered for theory, ear training and rhythm work under Miss Kirby, Miss Sapio and Miss Boyd. This training is given entirely free to all young students in the College of Music.
Miss Grace Terhune of the class of June '22 who is now supervisor of public school music in the city schools of Lincoln, Ill., has recently been elected teacher of public school music methods in the normal courses at the Lincoln College, Lincoln, Ill.
The following dates are announced for recitals at the College of Music:
October 16--Faculty Recital, Mme. Colard.
Oct. 23--Artist Series, Louise Harrison Slade, Chicago Opera Co., and Margaret O'Connor, harpist.
Oct. 30--Faculty Recital, Director Pearson.
Nov. 13--Artist Series, Dumesnil, eminent French pianist.
Dec. 4--Faculty Recital, Marguerite Palmer-Forrest, soprano, and Florence Kirby, pianist.
Dec. 11--Artist Series, Valentina Crespi, famous Italian violinist, and James Hamilton, tenor.
Dec. 17--Christmas Vesper service.
Dec. 18--Advanced Student's Recital.
ILLINOIS COLLEGE NOTES
Due to the increase in enrollment at the College this year it has been necessary to provide seats for the members of the faculty on the chapel platform in order to secure additional accommodations for the students on the floor of the chapel.
The Reverend Charles M. Eams, D.D. will speak at the Chapel exercises Wednesday morning, October 4th, at 9:50.
Word was recently received of the death of Asa Turner, of Maxwell, Iowa. Mr. Turner was the son of Asa Turner, one of the founders of Illinois College. The son was present at the College some eight or ten years ago when he presented a portrait of his father to the College, and made an address at the chapel exercises. The deceased was a first cousin of Mrs. Mary Turner Carriel.
Nominations for Freshmen class officers were made Friday. The following nominations were made for President: Edward Akers of Carthage, Mo., Albert Arter of Jacksonville, Harold George of Springfield, and Carl Vogt of Boynt City, Mich. For Secretary: Ardeen Linder of Carrollton, Elizabeth Scott, Helen Turner, and Catherine Wilson of Jacksonville.
The result of the election for Assistant Football Manager for this year was, 70 votes for Thomas Smith, a junior, and 39 votes for Lew Cummings. The manager, James Hatfield, was elected last spring.
Clarence Weber was elected by the Student Body as student representative on the Oratorical Board for this year.
Dr. J. Harold Zercher, '17, of St. Louis was a visitor on the campus Wednesday.
William Calhoun '22 is now located in St. Louis, Mo.
Hazel McCormick who graduated in '21 is teaching at Chanute, Kansas, this year.
The Reverend George W. White, '08, pastor of the Presbyterian church of Boyne City, Michigan, has been elected Moderator of the Presbyterian Synod of that State. Carl Vogt a member of the present Freshman class at Illinois College, comes from Boyne City, and was a member of Mr. White's church in that place.
President and Mrs. Rammelkamp will give their annual reception to the trustees and faculty of the college next Tuesday evening.

PAIGE

The Most Beautiful Car in America

13 Models Backed by One Principle

The Paige and Jewett group of motor cars consists of thirteen distinct models—all Sixes—and ranging in price from \$995 to \$3350.

In this great field of choice there are standard open and closed models and very distinctive "specials" in a variety of colors. So, no matter what your purse or fancy may dictate, Paige is prepared to satisfy it with the right car at the right price. Such is the advantage of a concentrated manufacturing policy.

But whether you buy a Jewett or a Paige—standard or special—it must be a Six. For that is the one principle of engineering recognized in this factory.

As to the wisdom of this policy, there can be no question among enlightened people. Paige builds Sixes exclusively because they are more economical, more comfortable, more dependable and most efficient. Sixes do beat fours.

We invite you to inspect this great line of motor cars.

The thirteen Paige-Jewett Passenger cars follow:

JEWETT—5-Passenger Touring, \$995; 5-Passenger Roadster, \$995; 5-Passenger Special, \$1095; 4-Passenger Coupe, \$1445; 5-Passenger Sedan, \$1465. PAIGE—7-Passenger Touring, \$2195; 4-Passenger Sport, \$2245; 3-Passenger Special, \$2395; 4-Passenger Special, \$2445; 3-Passenger Dayton Roadster, \$2495; 5-Passenger Coupe, \$3100; 7-Passenger Sedan, \$3155; Limousine, \$3350.

COLLEGE OF MUSIC NOTES

Madame Colard, soprano, gave a short program at the High school on Tuesday, which she repeated at the David Prince school. Her numbers were so enthusiastically received that she was obliged to give an encore. Madame Colard also delighted the guests present at the reception on Thursday evening at the Christian church.

The faculty will again give a series of short recitals at the High School beginning on Thursday morning with Miss Horsburgh, violinist.

Among the special musical numbers given at the Christian church last Sunday, was Handel's Largo, rendered most artistically by Mme. Colard, director of the choir and Miss Horsburgh assisted by Miss Mathis, organist of the church.

Mrs. Horsburgh will join her daughter and Miss Sappio on Monday at the home they have rented for the winter, 805 West North street. Mrs. Horsburgh entertained Mr. and Mrs. T. Tertius Noble on Thursday at her Long Beach cottage. They have recently returned from a trip to England.

Andrey King, Mary Lois Clark, Lucille Vick and Marie Luke played at the reception given for college students by Centenary church on Thursday evening.

The West Side Studio is proving so popular that difficulty has been experienced in accommodating all pupils. However, by using study periods during which High school and David Prince students may be excused, a satisfactory schedule has been arranged which meets the needs of all concerned.

Enrollment for the children's classes took place last Saturday and over one hundred pupils registered for theory, ear training and rhythm work under Miss Kirby, Miss Sappio and Miss Boyd. This training is given entirely free to all young students in the College of Music.

Miss Grace Terhune of the class of June '22 who is now supervisor of public school music in the city schools of Lincoln, Ill., has recently been elected teacher of public school music methods in the normal courses at the Lincoln College, Lincoln, Ill.

The following dates are announced for recitals at the College of Music:

Oct. 16--Faculty Recital, Mme. Colard.

Oct. 23--Artist Series, Louise Harrison Slade, Chicago Opera Co., and Margaret O'Connor, harpist.

Oct. 30--Faculty Recital, Director Pearson.

Nov. 13--Artist Series, Dumesnil, eminent French pianist.

Dec. 4--Faculty Recital, Marguerite Palmer-Forrest, soprano, and Florence Kirby, pianist.

Dec. 11--Artist Series, Valentina Crespi, famous Italian violinist, and James Hamilton, tenor.

Dec. 17--Christmas Vesper service.

Dec. 18--Advanced Student's Recital.

ILLINOIS COLLEGE NOTES

Due to the increase in enrollment at the College this year it has been necessary to provide seats for the members of the faculty on the chapel platform in order to secure additional accommodations for the students on the floor of the chapel.

The Reverend Charles M. Eams, 70, will speak at the Chapel exercises Wednesday morning, October 4th, at 9:30.

Word was recently received of the death of Asa Turner, of Maxwell, Iowa. Mr. Turner was the son of Asa Turner, one of the founders of Illinois College. The son was present at the College some eight or ten years ago when he presented a portrait of his father to the College, and made an address at the chapel exercises. The deceased was a first cousin of Mrs. Mary Turner Carriel.

Nominations for Freshmen class officers were made Friday. The following nominations were made for President: Edward Akers of Carthage, Mo., Albert Arter of Jacksonville, Harold George of Springfield, and Carl Vogt of Boynt City, Mich. For Secretary: Ardeen Linder of Carrollton, Elizabeth Scott, Helen Turner, and Catherine Wilson of Jacksonville.

The result of the election for Assistant Football Manager for this year was, 70 votes for Thomas Smith, a junior, and 39 votes for Lew Cummings. The manager, James Hatfield, was elected last spring.

Clarence Weber was elected by the Student Body as student representative on the Oratorical Board for this year.

Dr. J. Harold Zercher, '17, of St. Louis was a visitor on the campus Wednesday.

William Calhoun '22 is now located in St. Louis, Mo.

Hazel McCormick who graduated in '21 is teaching at Chanute, Kansas, this year.

The Reverend George W. White, '08, pastor of the Presbyterian church of Boyne City, Michigan, has been elected Moderator of the Presbyterian Synod of that State. Carl Vogt a member of the present Freshman class at Illinois College, comes from Boyne City, and was a member of Mr. White's church in that place.

President and Mrs. Rammelkamp will give their annual reception to the trustees and faculty of the college next Tuesday evening.

COAL SAVERS

THIS YEAR

you want a Stove or Heater that will conserve fuel. The coal shortage means the price of fuel will be high and the selection of your stove should be made with even more care than usual. Every stove in our large display has been selected because of its ability to extract every unit out of every pound of fuel placed in it. In fact, we can safely say you will cut your coal bills from 20 to 40 per cent by using one of these heaters.

Coal Range

This large size coal range has a spacious, full size oven, a high closet, is fully nickel trimmed with six holes. It is a cast steel range, fully guaranteed to give satisfaction, an excellent baker and a real value at

\$50.00

Oil Heaters

\$8.50

Here is just the thing for cold, chilly fall days when you do not wish to light the furnace or make a fire in your stove. They are smokeless, odorless and operate for just a few cents an hour. You will be amazed at the tremendous volume of heat one of these oil heaters radiate to every corner of the room. See this extraordinary value tomorrow.

Oak Heater

The great popularity of these oak heaters is due to their ability to burn practically any fuel economically. They have a heavy cast iron firepot, are beautifully nickel trimmed, will hold fire 24 hours. The price is only

\$31.50

Most every one knows what a wonderful range the Monarch Malleable Range is. If you want a range that will bake just as well and use just as little fuel and look just as nice in 15 years from now, you want a Monarch Range. One like cut

\$90.00

An Economy Hot Blast with a cast iron magazine that reaches almost to the top of the stove. A stove that will heat with much less coal than the ordinary hot blast; 16 size.

\$33.00

Another style of Monarch Range. Large copper contact reservoir, micro covered top that needs no blacking and always looks nice, vitreous enameled walls which makes it rust-proof, malleable iron castings which means unbreakable. None better as a baker. Duplex draft making it give more heat with less fuel. One like cut

\$99.00

Have you ever stopped to think how much more economical it would be to use a Florence oil Range this winter while coal is high. We believe you would be surprised at the service the Florence Automatic would give. 3 burner, sells for

\$21.60

This is another way to save yourself some money. Buy a Florence oven and use it on top of your gas stove. I will guarantee to give you just as good baking at a great saving in gas. Price

\$6.50

Before you put your new stove in better cover the kitchen with a new linoleum. We are showing a beautiful line of patterns to select from. Some priced as low as, yard

75c

Have you seen this Paramount combination 2 separate stoves combined; 2 gas ovens, one broiler, one large coal oven, all castings malleable iron; highly polished; no blackening. In fact, a combination without an equal. Come in and let me show you this stove. Price

PAIGE

The Most Beautiful Car in America

13 Models Backed by One Principle

The Paige and Jewett group of motor cars consists of thirteen distinct models—all Sixes—and ranging in price from \$995 to \$3350.

In this great field of choice there are standard open and closed models and very distinctive "specials" in a variety of colors. So, no matter what your purse or fancy may dictate, Paige is prepared to satisfy it with the right car at the right price. Such is the advantage of a concentrated manufacturing policy.

But whether you buy a Jewett or a Paige—standard or special—it must be a Six. For that is the one principle of engineering recognized in this factory.

As to the wisdom of this policy, there can be no question among enlightened people. Paige builds Sixes exclusively because they are more economical, more comfortable, more dependable and most efficient. Sixes do beat fours.

We invite you to inspect this great line of motor cars.

The thirteen Paige-Jewett Passenger cars follow:

JEWETT—5-Passenger Touring, \$995; 5-Passenger Roadster, \$995; 5-Passenger Special, \$1095; 4-Passenger Coupe, \$1445; 5-Passenger Sedan, \$1465. Prohibition and Its Relation to the Bible

In 1908 Dr. M. M. Mangasarian, who often lectured at public assemblies in Chicago, made an address at the Masonic temple on "Prohibition and Its Relation to the Bible."

At the suggestion of William N. Hairgrove, paragraphs from the address are reprinted, together with the following statement from Mr. Hairgrove:

I consider this lecture, delivered in 1908, of interest at this time because it then told of conditions that would result from prohibition. Those results have followed, and also other bad results which were entirely unexpected to me, increase of divorces and no diminution of crime, and greater immorality.

Ten years ago there were about a thousand criminal indictments a year in the federal courts of the United States. Last year there were over twenty thousand. More judges are being appointed and new districts formed to care for the increased burden, and more tax eaters created as a burden to the public.

The prohibitionists need not fear a return of wine and beer—"a straw vote only shows which way the hot air blows." The tax eaters, bootleggers and misguided reformers and others who exist by and thru the system, without producing anything but trouble, will still sit in the saddle. They are the same to the body politic that a louse is to an animal, they sap it all the time and give nothing in return.

Address Invited

Here are paragraphs from the address:

"Who does not know that the ultimate support on which all laws must rest is public opinion? And what is this but saying that law, in order to be obeyed and enforced, must accord with the public standard of justice."

Personal Liberty and prosperity are important matters, and they make the question a most vital one. Whether prohibition prohibits the consumption of liquor by the people is a detachable question. The fact that there is conflicting testimony from states such as Maine, Vermont and Kansas, and the fact that some people say that prohibition is a farce; prove that as yet no very clear success has been attained by prohibition.

And to that effect I beg to call your attention to the remarkable and pertinent utterance of John Quincy Adams, who penned these words to the Norfolk Temperance Society some half a century ago: "Forget not, I pray you, the right of personal freedom. Self government is the foundation of all our political and social institutions. Seek not to enforce upon your brother by legislative enactment the virtue that he can possess only by the dictates of his own conscience and the energy of his will." These are wise words, and if you pardon the expression, they hit the nail right on the head. Self government I maintain is the only tree upon which blossoms the flower of Personal Liberty and Prosperity.

Now what is the position of the Bible, on the use of liquor? The prohibitionist cannot find a single text either in the Old or New Testament which supports prohibition or supports his campaign against the use of liquor. I am not afraid of contradiction. I would ask for contradiction when I say that the weight of the Bible is altogether thrown against the prohibitionist.

Now for our evidence. Wine is spoken of in the Old Testament as the usual drink of the people, and it is the offering accompanying the daily sacrifice to the Lord. The people in the Old Testament are commanded to pay one-tenth of the wine they produce to the church. We read in the Bible also that the people are commanded to bring wine to the Lord himself as a drink offering, and they are told to drink it in the presence of the Lord. It speaks of wine in the highest terms as "That which cheereth God and man." What argument is there in that for the fanatic for the prohibitionist?

But the greatest moral document from the prohibition standpoint is the Ten Commandments, and we can hear the preacher denouncing eloquently on the importance and the completeness of that document, and yet there isn't a single decalogue in this moral code, a single law or commandment against drinking. There is no "Thou shalt not drink." That is very remarkable. Do you not think that if the Deity had really believed that theft, murder, adultery and covetousness were caused by drink, he would have inserted in this document, which is going to last as long as the world lasts, also a suggestion in the way of a commandment against drinking? But, the Deity was not a prohibitionist. He had no idea of associating an innocent habit of taste with the lust of crime. What right has the modern prohibitionist to put at the head of the decalogue the commandment which the Deity had left out altogether?

JACKSONVILLE, ILLINOIS,

SUNDAY MORNING, OCTOBER 1, 1922

JACKSONVILLE HIGH WINS FROM PLEASANT HILL BY SCORE OF 52-0

Local Team Roms Over Opponents in Easy Fashion—Coach Mitchell Uses His Second and Third String Men During Greater Part of Game—Locals Show Good Form

Playing a brand of football that looked mighty good to the rooters, Coach Mitchell's high school squad defeated Pleasant Hill high on Illinois field Saturday afternoon by a score of 52 to 0.

During the game Coach Mitchell sent in his entire second team and in the closing minutes of play sent in some of his third string men. All of the men showed good form and indications are that "Mitch" will have some strong reserve men this season. Had the first team played the entire game the score probably would have been larger.

In the opening minutes of play the local line seemed to be lost and did not get to fighting until Pleasant Hill threatened to score. Then Jacksonville braced and took the ball and soon scored a touchdown. Then the line began to show its class and Pleasant Hill was unable to gain with any degree of consistency during the game except against the second string men and even then they were unable to put the punch into their attack for a touchdown.

It was the first time the local team had had an opportunity to try out the play for a point after touchdown. Contrary to expectations Mitchell did not try either a drop or place kick or a forward pass. Despite this four points were scored out of eight tries on straight football.

It would be hard to pick out individual stars in the Jacksonville team. All of the men after the first few minutes of play did excellent work. Hunt's work on offense was especially good and when he got started it was almost impossible for the visitors to stop him. Usually it took four or five men to get him down. Johnson, Corbridge, Arnold and K. Bracwell did good work on the offense while the line when it got warmed up stopped the visitors' line plays without gain.

On the second team Benson, Kamm and Harrison did some good offensive work while Lewis did some good tackling. The third string men also showed up well in the closing minutes of play. Pleasant Hill presented a good team for a place with only 400 population. The men did some deadly tackling and also showed ability to carry the ball. However it was just a case of being outclassed by the locals.

First Period.
When the game started Jacksonville kicked off to Pleasant Hill. The visitors made an attempt on the line and the locals seemed unable to stop them for several minutes. The visitors made two first downs before Jacksonville got together and stopped them.

After an attack on the line by Hunt, Corbridge and Johnson K. Bracwell got away on a tackle around play and scored a touchdown. The try for point failed. Score, Jacksonville, 6; Pleasant Hill, 0.

Jacksonville again kicked off and Pleasant Hill couldn't gain. Jacksonville took the ball and put over the touchdown on four plays, Johnson carrying the ball over. Arnold added one point on a tackle around play. Jacksonville, 13; Pleasant Hill, 0.

Jacksonville kicked and Pleasant Hill had made first down the quarter ended.

Second Period.
Jacksonville held at the beginning of the period and Hunt carried the ball to the five yard line on an end run. K. Bracwell took the ball over on another tackle around play. Arnold added the point. Jacksonville, 20; Pleasant Hill, 0.

At this point Mitchell sent in his entire second team. Jacksonville again kicked and Pleasant Hill couldn't gain. Jacksonville took the ball and put over the touchdown on four plays, Johnson carrying the ball over. Arnold added one point on a tackle around play. Jacksonville, 26; Pleasant Hill, 0.

Jacksonville kicked and Pleasant Hill had made first down the quarter ended.

Third Period.
Pleasant Hill kicked to Jacksonville at the beginning of the third period. After carrying the ball back ten yards Pleasant Hill held and the ball went over. Pleasant Hill put up a hard fight and with a penalty for holding carried the ball to the eight yard line. With the goal threatened Mitchell intercepted his first team into the game and Hunt kicked 50 yards putting the ball out of danger.

Jacksonville held Pleasant Hill and took the ball. Hunt on a criss-cross carried the ball over to a touchdown. Johnson added the point. Jacksonville, 33; Pleasant Hill, 0.

Jacksonville kicked off to Pleasant Hill and took the ball just before the end of the period.

Fourth Quarter.
At the beginning of the fourth period Arnold made a touchdown on the second play. Try for the point failed. Jacksonville, 39; Pleasant Hill, 0.

Hunt again kicked off to Pleasant Hill and the ball was fumbled. Johnson recovering intercepted the ball and a touchdown and Corbridge added the

Brown's Pennant Hopes Shattered But Went Ahead and Defeated Chicago 11 to 7—Speaker Was Presented With an Automobile.

ST. LOUIS, Mo., Sept. 30.—All pennant hopes shattered by New York's victory over Boston today. St. Louis went ahead as the everything was at stake and trounced Chicago, 11 to 7, finding three White Sox twirlers for 16 hits. It was "Shocker Day," and the right hander was presented with a seven passenger automobile.

George Sisler got his eighth homer in the sixth by clouting the ball into the right field stands.

NEW YORK CHAMPS OF AMERICAN LEAGUE

BOSTON, Sept. 30.—New York won the American League pennant by defeating Boston 3 to 1 today. The league leaders went in to win and did so in the first inning, after having dropped the first two games of the series to the Red Sox.

Alex Ferguson started pitching for Boston. Whit led off for the visitors with a single too wild for Pratt. Dugan looped a single to short right. Ruth bunted down the third base line and was credited with a hit when O'Rourke fumbled as he slipped in fielding the ball. With the bases full Pipp singled to right, scoring Witt and Dugan. Ruth moved over to third on the throw home. Pennock replaced Ferguson. Ruth scored on Meusel's sacrifice fly to deep center.

MANAGERS OF SIKI CONFIRMS DISPATCHES

Paris, Sept. 30.—Manager Hellers who has been negotiating with American fight promoters for a match for his charge, Battling Siki, announced today the confirmation of newspaper dispatches that the Senegalese champion would meet an American fighter for the light heavyweight championship of the world in New York, November 30. He further announced that Siki would win the world title. He added that before going to America Siki would give exhibitions in England for six weeks at 33,000 francs a week.

At Whatever He Plays

Castner's First Class

GEORGE GIPP—Johnny Mohardt—Paul Castner.

Castner is the latest and, in some respects, the most unusual of the trio of great Notre Dame backs.

In his junior year: He was picked by several critics for all-American halfback, although he only divided a halfback position throat the latter half of the year.

He drop-kicked from the 43 and 47-yard line against Rutgers in two attempts. He completed four of the six drop kicks he attempted during the year.

His punts averaged 55 yards.

Plays Several Games.

He coached the informal Notre Dame hockey team which won a clear title to the 1921 mid-west college hockey championship and won recognition as the greatest college hockey man in the mid-west.

He pitched a no-hit, no-run victory over Purdue and later shut out Michigan, 5 to 0, established a record as one of the best hitters on the squad and played the outfield when not pitching.

So much for 1921. Last spring Castner turned down a major league offer and was elected baseball captain for 1922.

He has reached the pinnacle in three sports and has another year to play in each.

Versatility a Marvel.

On the Notre Dame team which Coach Rockne is now building to meet Georgia Tech, Army, Nebraska and seven other teams, Castner is the only man who looks like a star. Rockne will build his team around Castner's quadruple threat as other teams have been

CASTNER

built around Gipp and Mohardt.

Castner kicks, passes, pitches, bats and shoots punks from the portside. He is a consistent left-hander and a candidate for the title as the most versatile college athlete.

I. S. D. DEFEATED CARROLLTON HIGH

Local Team Took Hard Fought Game From Visitors—I. S. D. Outplayed in First Half.

Showing a great fighting spirit after being outplayed in the first half Coach Burns' Illinois School for the Deaf football team came back in the second half and scored two touchdowns defeating Carrollton high by a score of 12 to 6.

It was the first game played at the State school since Holderby was in charge of athletics in 1906. The work of the State school showed that Coach Burns has worked wonders with the green material he took a year ago and the team promises to show further improvement and should give all its opponents a hard battle in the remaining games of the schedule.

Both Miller and Dillard were used at quarter. They are new men and showed inexperience in selecting plays and getting them off quickly but both should improve as the season advances.

During the first half the Carrollton team kept the ball in the Tigers' territory most of the time, during which they made several successful forward passes. The Tiger backs seemed unable to solve the Carrollton, overhead attack. At the close of the first half the score was 6 to 0 in favor of Carrollton.

At the beginning of the second half the Tigers settled down and began to play more consistent football. Mannen received a forward pass from Rose for a gain of 25 yards. Then the Tigers attacked the Carrollton line and carried the ball down the field, Crabbe going over for the touchdown. Massinkoff failed to make a drop kick for the point making the score a tie at 6 to 6.

After the kickoff the ball seared back and forth for some time in the center of the field. With three minutes to play Miller was sent in at quarter. On the first play he carried the ball out side of the right guard and raced 40 yards for a touchdown. The Carrollton tacklers made desperate efforts to stop him but he eluded them all. The try for the point again failed. The lineup:

I. S. D.: Fishback, r. Mannen Vandersand, l. Capt. Johnson Hutchins, rg. Wols Hardcastle, lg. Sellers Byland, c. Montegard Spousier, Tillman Fullerton, A. Taylor Carmody Capt., qb. R. Miller Dillard

Pointers Rose McDonald, Massinkoff McDonald, Crabbe Substitutes—Schneider for Taylor; G. Carlson for Tillman; Referred: Harrison, Illinois College; Empire, Ribell, Illinois College. Downs, headlineman. Time of periods, 10 minutes.

DOKAYS-INDEES PLAY SECOND GAME TODAY

Teams Meet in Second Game for City Championship—Dokays Strengthened.

The second game between the Dokays and Indies for the city baseball title will be played at South Side park this afternoon. The game will be called at 2:45 o'clock with Donahue and Fromme as umpires.

After the last game Manager Reeve of the Dokays began casting about to strengthen his team for the game today. He has secured Lascody, Ford, Segin and Grady from Springfield for the lineup this afternoon.

These men are among the strongest players in Springfield and will make the Dokays a dangerous combination. Grady will receive Hartman who will again be on the mound for the Dokays. Manager Smith will depend on his regular lineup for the game. He will have Fryman on the rubber with Clark back of the bat. If the big fellow is right fans will probably see another pitchers' battle. The lineup:

Dokays—Jones, 1b.; Segin, Barnes, 2b.; Lascody, ss.; Haney, Shelton, 3b.; Ford, lf.; Gillis, cf.; Henderson, Wood, rf.; Grady, c.; Hartman, p.

Indies—Denney, ss.; Wheeler, 1b.; Kohloff, 2b.; Clark, c.; Christopher, lf.; DeFrate, 3b.; Burkery, cf.; Hamm, rf.; Fryman, Zell, p.

LEO DIEGEL TIES WITH MITCHELL

NASHVILLE, Tenn., Sept. 30.—Completion of 72 holes of play over the Bulle Meade course today for the open championship of the Southern Golf association and Leo Diegel of New Orleans, in a tie for first place with scores of 280 each. That tie will be played off tomorrow in a thirty-six hole match at medal play.

Diegel gained his position in a tie with the celebrated Englishman by shooting two rounds of sensational golf today, both of which he completed in 69, two strokes less than par. Included in his afternoon round were ten threes.

BENNETT HILL WINS SAN JOAQUIN CLASSIC
Fresno, Cal., Sept. 30.—Bennett Hill won the 150 mile San Joaquin classic today with a speed of 102 miles an hour. His time was 1:27:45. Harry Hartz finished second and Tommy Milton third.

MINNESOTA
Minneapolis, Sept. 30.—Remarkable work by Pederson, a half back candidate, was the outstanding feature of a practice football game between the University of Minnesota varsity and the scrubs today. The varsity showed a big improvement over previous practice games and won 33 to 0.

CINCINNATI AND PITTSBURGH TIE
Cincinnati, Ohio, Sept. 30.—The Reds and Pirates, fighting desperately for second place in the National league race, battled to a ten inning tie at 7 to 7 this afternoon the game being called on account of darkness. The game will be played off here in a double header tomorrow.

GEORGE SISLER IS AGAIN CHAMPION OF AMERICAN LEAGUE

St. Louis Star Tops the League With An Average of .418—Hornsby Leads in National and Also Tops the Home Run Hitters in Both Leagues—Results in Other Leagues

(By The Associated Press)
CHICAGO, Sept. 30.—Down comes the curtain on the major league season tomorrow with George Sisler of the St. Louis Browns batting champion of the American league, Rogers Hornsby of the St. Louis Cardinals champion of the National league and Hornsby also the conqueror of the mighty "Babe" Ruth for the 1922 honors in home run hitting.

Sisler, acclaimed the most valuable player in the American league, and the slugging Hornsby both will finish the season with an average above the coveted .400 mark, as the latest figures show Sisler hitting .417, and Hornsby whaling away to the tune of .400. With the final games scheduled for tomorrow, these St. Louis rivals will have an opportunity to better these figures, which include games of Wednesday.

This is the third time Hornsby has been crowned king of batters and the second for Sisler. Hornsby captured the honors in 1920 and 1921. Sisler's last appearance on the throne was in 1920 when he finished with a mark of .407.

The honor of batting above the .400 mark has been held by only three players in the American league, and two of them are still playing. They are Ty Cobb, Sisler's rival, and Sisler himself. Cobb held the honors in 1911 and 1912 when he headed the procession with marks of .420 and .410 respectively. The only other player to attain this honor was Napoleon Lajoie, who, while a member of the Athletics, in 1901 batted .405.

Cobb's average this year undoubtedly will be the best he has attained since he hit .410, ten years ago. He is batting .398 today. Although he led the league six times after that his average never was above .390. Previous to 1911 Cobb led the league for four years but his best mark during that period was .385.

Harry Heilmann of the Tigers, who last season nosed out Cobb for the batting honors, is in fourth place today with an average of .387, compared with his .394 last season. Tris Speaker, manager of the Indians, who led in 1916 when he finished with a mark of .386, is in third place with an average of .378.

In addition to being the champion batter, Sisler also is the king of base stealers. He has pilfered forty-nine bases, and his closest rival is Kenneth Williams, a team mate, who has stolen thirty-four. Williams, who started with a blaze of glory to capture the home run honors has clouted out thirty-nine fourbaggers, with Tillie Walker of the Athletics the runner up with thirty-six. Ruth, who last season bagged fifty-nine, is in third place, with thirty-five.

Other leading batters for 1922 are: Speaker, Cleveland .378; Heilmann, Detroit .357; Williams, St. Louis .332; Ed Miller, Philadelphia .331; Tobin, St. Louis .328; Schang, New York .327; Veach, Detroit .326; Pipp, New York .326; Bassler, Detroit .326.

National League
Hornsby, the St. Louis star with forty-two home runs, is the leading home run hitter of the majors after one of the most exciting races in the history of the game. Kenneth Williams of the Browns, is a close second, and Ruth trailing in fourth place.

Hornsby, in addition to his new laurels, is in line to accomplish something the National League batters which has not been done in the past twenty-three years—finish the season with a mark of .400 or better.

The last National League player to hit in 400 was Ed Delahanty of Philadelphia, who made the grade in 1899, when he finished the season with a mark of .408. Prior to that only five others had become members of the 400 club. These were Willie Keeler, Adrian "Pop" Anson, Jesse Burkett, Hughey Duffy and Ross Barnes.

Hornsby, in acquiring his average, participated in 150 games. He cracked out 243 hits for a total of 438 bases. His triples and home runs are 14 and 40, respectively. There are 11 home runs of Hornsby being over-taken for the batting honors as his closest rival is Oscar Ray Grimes of the Cubs who is the runner-up with an average of .354.

Max Carey of the Pirates has the stolen base crown safely tucked away with his forty-six thefts, Frisch of New York being his only rival with 30.

Other leading batters for 1922 are: Miller, Chicago .351; Tierney, Pittsburgh .341; Loecher, Chicago .342; Daubert, Cincinnati .344; Walker, Philadelphia .340; Harper, Cincinnati .340; Carey, Pittsburgh .331; Frisch, New York .331; Meusel, New York .330; Kelly, New York .330.

American Association
Glenn Myatt of Milwaukee seems certain of capturing the 1922 batting championship of the league. He is batting .400.

NEWS OF THE SPORT WORLD

GEORGE SISLER IS AGAIN CHAMPION OF AMERICAN LEAGUE

(Continued from Page 13.) American Association, which closes tomorrow. Figures including games of Wednesday show him hitting .373; with Becker of Kansas City second with .366 and Jay Kirke of Louisville third with .360.

Bunny Brief of Kansas City outdistanced the home run hitters with a total of thirty-eight with Becker next in line with twenty-six. Final averages probably will be necessary to determine the leading base stealer, altho Baird of Indianapolis has the edge, up to Wednesday, with twenty-eight. Lamar of Toledo, however, pressing him with twenty-six and Berghammer of St. Paul is close up with twenty-four.

Other leading batters for 100 or more games: Lamar, Toledo, 354; Lear, Milwaukee, 354; Magee, Minneapolis, 353; Good, Kansas City 347; Combs, Louisville 346; Hendryx, St. Paul 346; Brief, Kansas City 345; Brown, Indianapolis 343; Mathews, Milwaukee 340; Hartley, Columbus 357.

Final unofficial averages for

the Western league show Carl East, the Wichita veteran, as the 1922 batting champion with an average of .391, with Manush of Omaha second with .376. Herman of Omaha finished the season with an average of .416, but only played in 92 games as compared with 168 for East and 167 for Manush. East went thru the season without missing a game.

Davis of Tulsa led the home run hitters with a string of thirty-five, while Lamb, also of Tulsa, was second with thirty-two. East also showed his class in bagging homers, finishing with thirty.

Hemingway of Sioux City romped ahead of Eugene Elsh, also of Sioux City, in base stealing, pulling up with a total of fifty-nine. Elsh, who goes to the Chicago White Sox next season, stole fifty-two.

Other leading batters for 100 or more games: Bennett, Tulsa 370; LeVivelt, Tulsa 369; Berger, Wichita 361; Metz, Sioux City 360; Grantham, Omaha 359; Fisher, St. Joseph 357; Elsh, Sioux City 356; Stuart, Tulsa 343; Blakesley, Wichita 342.

GENERALSHIP OF M'GRAW WINS FANS

Giant Leader Has Won Hearts of Gotham Fans—Hughes Jennings Also Has Love of Fans.

NEW YORK, Sept. 30.—New York fans always have admired the generalship of John J. McGraw, manager of the Giants, and they give to him without stint full laudation for bringing together, in his devious ways, an aggregation of the present two-time champions, but none is remiss in praising Hughie Jennings, Napoleon's Chief of Staff.

Hughey is now considered a genuine New Yorker by the throngs that have filled the Polo Grounds nearly all season. Two years ago the rabid followers of the Giants were a little frigid to Jennings when he moved his baggage from Detroit and transplanted his grass picking habit and his stirring "E-yash" from Navin Field to Harlem.

There was much talk then that McGraw was preparing to retire for the active management, having acquired a part ownership in the club, and some of the fans were skeptical, notwithstanding the record Jennings made with Detroit, winning pennants there in 1907, 1908 and 1909. McGraw kept on but Hughey disproved that old adage about "too many cooks."

Jennings was not a total stranger to the city. He played in his active days with Baltimore, Brooklyn and Philadelphia, in the former place with McGraw when the latter was the best third baseman in captivity. Like McGraw, Jennings was an infielder, playing second base and shortstop.

Hughey is a native of Pittston, Pa., where he first saw the dark of a coal mine. He trotted out as a professional 20 years later, beginning with the Louisville, Ky., club as first base and short, going to Baltimore in a trade four years later. In 1898 he was shifted to Brooklyn and in 1891 he became generalissimo of the Philadelphia Nationals.

Two years later Jennings returned to Baltimore, then in the Eastern League, remaining there until 1907 when Detroit drafted him. He became manager his first year and celebrated by winning the pennant. This season was his 16th as a team leader.

Historic Hawthorne Track Again Opens

CHICAGO, Sept. 30.—The sport of kings after an eighteen year blight in Illinois was reviewed here today when 15,000 spectators jammed the historic Hawthorne track for the opening of the 12 day "bet less" meeting under the auspices of the Illinois jockey club.

While remnants of the old guard were presented the famous and familiar figures of the turf in the years of its glory in Chicago were missing. A new generation was on hand the grand stand held many men young and old.

The excitement of the betting ring, the search for a shade in the offerings of the bookmakers and the thrill of the big wagers made by follower of the turf of 20 years ago were gone.

Betting was done quietly. There were no tickets, but handbooks were attempted to take oral wagers in the nod and wink manner.

The betting ring was crowded between races but the widely advertised presence of detectives from the state's attorney's office put a damper on the proceedings. The wagers were made even more shy when two alleged bookmakers were arrested and Frank Matousek, assistant state's attorney added to the quietness in the ring by announcing that if gambling is discovered everyone connected with the races including the officials would be prosecuted.

And Hawthorne track today did not resemble the historic course of years past much more than did the colorful flowers of turfdom two decades ago.

The course over which some of the greatest races in the American history were run was piled high in the infield with debris of the war time supply station. New spots of lumber speckled the stands and gay bunting helped to conceal the dinginess. A hand interspersed today's popular numbers with race track favorites when Hawthorne was at its height.

As for the races there were plenty of good entries, good, bad and indifferent and the horses raced around the course in a fashion that pleased the spectators, but caused the old timers to recall the races of "the good old days."

The feature of the day was the effort of Exterminator, Willis Sharpe Kilmer's great seven year old bay gelding, to break the course record of 2:04 3-5 established by Dodge, a three year old. Exterminator, paced, went the mile and a quarter in 2:10.

PLACE KICK BEATS WHITE HALL HIGH

Hughes of Waverly Kicks Goal From the 25 Yard Line for Three Points—Game Was Hard Fought Thruout.

White Hall, Sept. 30.—Hughes, halfback of Waverly High, booted a goal from placement on the 25-yard line here this afternoon enabling his team to defeat the local high school team by a score of 3 to 0.

It was the first game for both teams and both showed some excellent football, tho the men suffered greatly from the heat.

The teams were evenly matched tho White Hall was weakened by the absence of Smith and English two of the strongest players. The batting was on even terms the first three quarters, neither team being able to gain consistently.

In the final quarter the break came and Waverly took advantage of it. Waverly had just punted and Smith fumbled the ball on White Hall's 25 yard line and a Waverly man recovered it. Then Hughes kicked his goal from placement on the 25 yard line giving Waverly the game.

Williams, half back, starred for White Hall making many fine tackles and good gains for his team. England received three forward passes from Goode for 20, 10 and 40 yards respectively. Hughes starred for the Waverly team. The referee was Broberg, Kansas Aggies.

MISS COLLETT WINS FROM MRS. GAVIN

WHITE SULPHUR SPRINGS, Sept. 30.—Miss Glenna Collett of Providence, R. I., became the new women's golf champion of the United States today by defeating Mrs. W. A. Gavin, the English star 5 up and 4 to play in the final 36 holes match of the National championship tournament.

Outplaying her rival almost continuously, driving longer and truer balls and taking advantage of every opportunity the 19 year old Rhode Island girl demonstrated again that youth must be served. She was the hope of an American championship for America and she made good.

Edward Morris of Norrit was a visitor to the city yesterday.

BELOIT DEFEATED DEKALB NORMAL

Beloit, Wis., Sept. 30.—Beloit college defeated DeKalb Normal today 34 to 0, altho outweighted. McAuliffe, Randenburgh and Wheeler starred.

CARTRIDGE COMPANY IS SCRAPPING SHELLS

Alton, Ill.—(By the A. P.)—A cartridge company here is scrapping 150,000,000 excess shells.

Special machinery has been constructed to destroy this ammunition. The bullets are forced out by a rolling device which squeezed the side of the case and ejects the projectile. The powder is then poured out and stored away for use in loading other shells. The brass is remelted, and even the tin cans in which the shells were packed are destroyed. Five or six car loads of shells are being received each day.

Where Extra Service is Demanded Firestone Cords Predominate

WHEREVER the exacting tests of tires are most severe—there you will find Firestone Cords in universal use.

The hard jobs seek Firestone. And so well has Firestone responded under difficult conditions—so consistently has mileage mounted to totals impossible to obtain from ordinary tires—that today Most Miles per Dollar is the buying slogan of thinking motorists everywhere.

The blending and tempering of rubber, gum-dipped cord construction, air-bag cure—all these mileage methods have been developed by men whose life work is the production of constantly increasing tire values for the public.

Users in this vicinity verify Firestone reputation, and report almost daily some new Firestone record of extra distance travelled.

Don't be satisfied to buy tires—buy values—the longest mileage at the lowest price consistent with such reliable performance.

Make Most Miles per Dollar your principle of tire economy—choose your next tire on that basis.

FAIR DIRECTORS HELD MEETING

Set Aug. 28 to 31 Inclusive as Tentative Dates for Next Fair—Committee to Confer With State Relative to Use of Track This Winter.

The directors of the Morgan County Fair met Saturday afternoon at the fair headquarters in the Chamber of Commerce rooms. Vice President J. L. Henry presided and the following directors were present: L. A. Reid, J. L. Henry, C. S. Black, C. R. Gibson, H. E. Kitcher, W. H. Crum, Sam Camm and Albert Crum.

August 28, 29, 30 and 31 were set as the tentative dates for the Morgan County fair for 1923. All outstanding bills of the fair were ordered paid and a special committee appointed to confer with state officials regarding the use of the fair grounds during the fall and winter for the purpose of training racing horses. C. S. Black and L. S. Reid were named as members of this special committee. Scott Green superintendent of Speed was instructed to confer with race horse trainers regarding accommodations for their horses on the grounds.

Several bills were found to be in error and a special committee consisting of H. E. Kitcher, C. R. Gibson and Sam Camm was appointed to look into the matters and straighten out the errors. Secretary Harold C. Welch was instructed to call the annual meeting for November 1st. The directors and officers for the fair association will be elected for the coming year at this meeting. The by-laws of the organization provide that the annual meeting be held between November 1st and 15th. Notices will be sent to all the members of the fair association notifying them of this meeting.

EARLIER DAYS PASS IN REVIEW

Mention was made one day recently of the finding of a copy of the program used at a banquet given in honor of Capt. Smith on October 29, 1880. Reading the news item caused S. M. Metcalf, long time resident of Jacksonville, to remember that he attended the banquet. Mr. Metcalf, who is now at the home of his son, Dr. F. H. Metcalf, in Franklin, wrote as follows to John M. Rule, manager of the Dunlap:

Franklin, Ill., 9-22-22.
Mr. John Rule,
Jacksonville, Ill.

I read the item in the Journal about the banquet at the Dunlap Hotel, Oct. 29, 1880 for Capt. Smith and will say that I was present at that time. Dr. E. A. Tanner presided.

When we were all seated he looked at the company and at the table and said "No wine tonight, thank God."

After supper toasts were responded to. Dick Yates replied to "Our guest, Capt. Smith."

When Capt. Smith was called upon, Col. C. M. Morse responded for him. It was a happy event and very few of the company are now living.

Very truly yours,
S. M. Metcalf.

STUPENDOUS SETS USED IN "THE THREE MUSKETEERS"

Those who view Douglas Fairbanks' latest United Artists Production, "The Three Musketeers," will be given a film tour of Paris as it was in the early Seventeenth Century; of the palace of King Louis XIII; of Buckingham Palace and several ancient and picturesque continental towns.

To meet the requirements of this story, three acres of exterior sets and one acre of interiors were built.

It is believed by the management of the Grand Theater, where this stupendous film spectacle will be shown for five days, that "The Three Musketeers" will afford a golden opportunity to review the early history of France.

No more vivid impression could possibly be given of the gates of Paris, or of the quaint streets and picturesque buildings.

Perhaps the most unique set of all, however, is the ship in which Doug as D'Artagnan stages a terrific battle with Barbara La Marr as Milady for the royal jewels which she has stolen.

Have Your Eyes Changed There is a slow but constant change in every person's vision. Glasses that fitted you perfectly a few years ago are probably entirely unsuited to the needs of your eyes today. Every person who wears glasses should have their eyes examined at least every two years.

Call and see us and let us find out whether you're wearing the proper lenses. If a change of lenses is necessary, we will furnish them promptly and reasonably.

We guarantee a correct fitting and absolute satisfaction in every case.

Our Prices

A price range wide enough to satisfy everybody. A quality that is entirely free from price consideration. The cheapest article is of good quality.

We will sell you a thousand dollar ornament or an alarm clock. If it comes from this shop, it is good.

It is a mistake to imagine for a moment that money is saved by passing by the standard jewelry shop.

Considering quality, we save people actual money on things we sell. A visit here quickly convinces the shopper.

The Choicer Diamonds—Loose and Mounted

Mr. College Student,

Dear Sir:—

College men, according to our experience, aren't afraid of originality and distinction in clothes—that's why they have styles of their own.

That's also why Society Brand Clothes suit them so well.

We have the styles that are sure to appeal to you—the loosely draped three and four button effects, in plain and sport models.

The rare new and good. Will you drop in and give us the opportunity to demonstrate?

Yours very truly,

NAME COMMITTEE TO VISIT FACTORIES

Will Leave City at 5 o'clock Monday Morning—Luncheon Guests of Charleston C. of C.

The committee from the Chamber of Commerce which will make a trip of inspection to Litchfield and Charleston to inspect the shoe factories of these cities has been appointed and announced as follows: Lee Caldwell, T. M. Tomlinson, S. O. Barr, H. C. Welch, Fletcher Hopper, A. R. Taylor, Ben Owens, W. L. Shime, L. L. Horen, Lloyd Hamilton, Hugh Breeden, T. A. Chapin, F. J. Andrews, J. W. Merrigan, C. J. Dore, W. J. Brady, L. F. O'Donnell, Robert Birnbaum, John Doyle, Leo O'Brien, William Deusch, J. G. Capps, J. Vasconcellos, Henry Rodgers and W. E. Sullivan. Autos for the trip will be furnished by T. A. Chapin, Lee Caldwell, J. W. Merrigan, William Deusch and H. J. Rodgers.

The cars and members of the committee will then be divided into the Chamber of Commerce rooms at five o'clock Monday morning and will leave immediately for Charleston. They will take the Ocean to Oean Highway to Camargo and from there will follow the University of Illinois Trail south to Charleston. The trip will mean about 146 miles of travel. The cars will carry Chamber of Commerce banners and they expect to arrive in Charleston about eleven thirty in the morning.

At noon the Jacksonville visitors will be the luncheon guests of the Charleston Chamber of Commerce at the Lewes Hotel. After luncheon an inspection of the factories will be made and the committee will then be divided into sub-committees of three to visit the Charleston business men and ascertain what they consider the advantages of having the factories located in their city. In the evening there will be a meeting at the Charleston Chamber of Commerce headquarters and the Jacksonville business men will have an opportunity of meeting with the Jacksonville delegation.

The Jacksonville men will remain in Charleston over night and will depart at an early hour Tuesday morning for Litchfield over the Big Four trail. They will inspect the Litchfield factories, confer with the business men of the city, and start for Jacksonville late in the morning expecting to arrive there about two thirty in the afternoon.

Gross Burrus of Pittsfield was a caller in the city yesterday.

CHAPIN CLASS HELD WHITE ELEPHANT SALE

Gleaners of Christian Church Made Goodly Sum at Sale Saturday Afternoon—Other Chapin News Notes.

Chapin, Sept. 30.—The Gleaners of the Christian church held a white elephant sale Saturday afternoon. The articles sold fairly well and quite a goodly sum was realized. A hamburger, pie and coffee lunch stand did a good business later in the evening.

Mr. and Mrs. Charles Cowdin are spending the week end in Springfield, guests of their son, Dr. Fred Cowdin and daughter, Mrs. Homer Macnamara.

James Anderson celebrated his 21st birthday Friday. A number of relatives were guests during the evening and helped eat the beautiful birthday cake prepared by his mother.

Charles H. Taylor returned from Springfield Friday night. Mr. Taylor has been a patient at Dr. A. E. Prince's sanitarium and will return next Wednesday to have glasses fitted if conditions are favorable.

B. H. Allen of Versailles is spending the week end with home folks.

Another group arrived Saturday for the Fox reunion, they were: Mr. and Mrs. Edgar Fox and children; Mr. and Mrs. Archie Fox and children; Mr. and Mrs. Raymond Fox and children; Mr. and Mrs. Harry Lovett and baby, all of Gibson City or vicinity.

A shooting match was one of the events Saturday afternoon at the reunion.

Mrs. Grover Smith, Mrs. Phoebe Scott, Miss Helen Siddles and Miss Dorothy Kennedy were among the Saturday visitors to Jacksonville.

LIVESTOCK SHIPPERS SATURDAY AFTERNOON

Associations of Chapin, Joy Prairie, Rees and Murrayville Represented—Favor Keeping of Systematic Records.

The shipping associations at Chapin, Joy Prairie, Rees and Murrayville were well represented at the meeting at the Farm Bureau office on Saturday afternoon. The summary of the work presented at the Livestock Shipping Association schools was read and discussed by those present.

In the opinion of those present systematic records should be kept. Occasional reports should be made to the Farm Bureau of the progress of the public. The associations at Rees and Chapin are incorporated. Ed Houston manager of the Joy Prairie Shipping association reported that he was under bond for \$3,000. Ira Story of Murrayville \$10,000. James Anderson and John Drake of Chapin, \$5,000.

In the opinion of those present the insurance on hogs might be reduced from 3c per hundred to 2c. They did not think it a good practice for a director to act as manager. Two associations are shipping for \$7 but the managers did not feel that the usual rate of 8c was too much where the manager had to ride over the country and hunt up the stuff. They thought the manager's book should be audited before the annual meeting. They went on record as favoring newspaper publicity as the means of keeping the members informed.

Ed Houston of the Joy Prairie Association has shipped 12 cars since January first; Ira T. Story of Murrayville, 19 cars; Ed Scott of Rees, 43, and James Anderson and John Drake of Chapin, 46. Ed Scott shipped one carload of horses. Ira Story shipped one carload of hay.

Market Report By The Associated Press

DOWNWARD TREND OF MARKET PRICES

NEW YORK, Sept. 30.—Possibilities of a clash between British and Turkish troops in the Dardanelles neutral zone resulted in the renewal of short pressure and the further liquidation of week-end accounts in today's brief session of the stock market. Prices of a few speculative favorites registering declines of 1 to 6 points, while moderate losses occurred throughout a greater part of the list. The disposition of traders to wait over the week-end before adding to their commitments, resulting in a lack of fresh buying power, accelerated the decline, but there was no heavy unloading of stocks.

There were a few outstanding exceptions to the downward trend. National Biscuit, which was put up nearly 12 points yesterday, advanced five more today on reports of capital readjustment, but half of today's gain was forfeited before the close.

Independent steels manifested acute weakness, Crucible being forced down more than 3 1/2 points, Lackawanna 2 1/2, Bethlehem B 2, Gulf States 1 1/2, Republic 1 1/2, and U. S. Steel (common) 1 1/2.

Liberty Bonds which held steady in the first part of the trading fell off at the close.

CASH GRAIN REPORT

Chicago, Sept. 30.—Cash grain—Wheat—No. 1 hard, \$1.00 1/2; No. 2 hard, \$1.00 1/2; No. 2 mixed, \$1.00; No. 3 mixed, \$1.00 1/2; No. 1 yellow hard, \$1.11; No. 2 yellow hard, \$1.00 1/2.

Corn—No. 2 mixed, 64 1/2; No. 3 mixed, 64 1/2; No. 2 yellow, 64 1/2; No. 3 yellow, 64 1/2; No. 5 yellow, 63 1/2; No. 6 yellow, 63 1/2; No. 2 white, 64 1/2; No. 3 white, 63 1/2; No. 4 white, 64 1/2; No. 5 white, 63 1/2; No. 6 white, 63 1/2; sample grade, 62 1/2.

Oats—No. 1 white, 41 1/2; No. 2 white, 41 1/2; No. 3 white, 40 1/2; No. 4 white, 39 1/2.

PRICE OF WHEAT AVERAGED HIGHER

CHICAGO, Sept. 30.—Wheat prices averaged higher today although the market was nervous on account of the political news from abroad. The close was 1/2 to 2 1/2 cents net higher with December \$1.05 1/2 to \$1.05 1/2 and May \$1.09 to \$1.09 1/2; corn was 1/2 cent lower to 1/2 cent; oats were unchanged to 1/2 cent advance, and provisions ranged from 1/2 cent decline to a 1/2 cent advantage. Efforts of the break in the stock market which was brought about on reports of a more threatening political situation in Europe were overcome by the strength in Liverpool grain in face of news from the Near East.

A general evening on September contracts here also tended to firm up. Traders were inclined to keep close to the shore with sentiment mixed and few having any view open to the immediate future of values.

Considerable evening up over Sunday was underway at the a. t.

Corn and oats were unsettled, but averaged higher. Shorts were good buyers of the September delivery in both grains and a price fluctuated rapidly. The long selling in the big 5. The transportation continued acute and traders' reports from the interior said car were becoming scarce.

Provisions were unsettled with September and October large firmers and January easier, packers buying some heavily laid with deliveries of 1,050,000 pounds.

TO THE VOTERS OF THIS COUNTY

In announcing my candidacy on the Law and Order ticket for State Senator for the 45th Senatorial District, I do so with full knowledge of the strenuous campaign I will have to conduct in this district. My defeat in the primaries on April the 11th was accomplished by theft and fraud in Sangamon County. The little paltry sneers at my stand on public and moral questions by my opponents have long since become pointless and powerless to hurt.

Such is the state of public morals and the state of public sentiment that a man who dares to defy the powerful political machine in power is classed as a reformer and disturber.

Loyalty to principle is infinitely superior to loyalty to faction or party.

No American citizen objects to being defeated fairly and honestly by voters of his own party; but anyone resents the party nomination being stolen from him by every crooked method known to the underworld politician.

The greatest political sin of today is disrespect for and the non-enforcement of law by professional politicians who are elected to office.

For myself I am determined to determined to agitate the subject of lawlessness to the utmost. I realize in Morgan County, the conditions are different from those in Sangamon County in regard to law enforcement; nothing but death shall prevent me from denouncing official anarchy in Sangamon County which has no parallel in human depravity.

Because a certain candidate for senator has received the sacramental function of a so called regular nomination, he should not be supported in the election if not supported by theft and fraud. We cannot say and retain our self-respect. "Our party right or wrong." The time has long since past when certain commercial politicians can order the voter to support candidates that have not been honestly nominated. Every person in political life should have the courage of his conviction and

WOMAN'S CLUB ANNUAL CONCERT

Mrs. Carl Robinson is Chairman of the Committee in Charge—Date is Set for November 6.

The annual concert of the Jacksonville Woman's club will be held on November 6th. Plans for the concert are now under way and Mrs. Carl E. Robinson is the chairman of the committee in charge of the concert. In other years this concert has been held in the spring of the year but it has been deemed best to change the date of the annual affair, to the fall.

The artist who will appear here under the auspices of the Woman's club is Charles Norman Granville, well known American baritone. The management has the following to say about Mr. Granville and his art:

"Mr. Granville, thru his remarkable vocal and interpretative powers has earned for himself the enviable title of Master Interpreter. Since his brilliant success in recital at Aeolian Hall, New York City, he has forged steadily to the front until today he is recognized as one of America's greatest artists.

Admirably equipped as to the vocal, artistic and technical demands of his art barytones on the concert stage today can boast of an upper register which compares with that possessed by this singer. Besides the charm of his per-

a willingness to suffer for a principle.

Nothing but patriotism should impose limits upon a declaration of principles.

I respectfully solicit the support of all persons who believe in law and order; and I pledge myself to vote for all measures that would be a benefit to the people of this district.

FIRST VESPER SERVICE AT TRINITY CHURCH

The first of the Sunday Vesper services to be held at Trinity Episcopal church this winter will be conducted this afternoon. The service will begin at 4:30 o'clock and a special musical program has been arranged. The choir, under the leadership of Mrs. Hackett Wilder will sing a solo. Miss Katherine Parker who is also a member of the choir will sing a solo number. Frank Collins is the organist at Trinity this year and he will play a number of solos.

Following the vesper service Mr. Collins will give an organ program. The members of the congregation are especially urged to remain for this organ program as it will be of unusual beauty and will also be a means of demonstrating the beautiful quality and tone of the new Trinity church organ.
